

CYCLES APPROACH

Auditory Bombardment

You will say 20 target words while the child listens using headphones.

Multiple Production Activity

Introduce 3-5 target words and teach the child their words and meanings.
Elicit productions of target words, provide supports as needed.

Stimulability Probe

Check stimulability for next week's targets and at the end of each cycle.

Phonological Awareness Activity

You can target rhyming, blending, segmentation, etc.

Home Practice

Provide target words for parents/caregivers and children to practice for at least 2 minutes per day.

Order of target patterns:

1. Syllableness
 2. Singleton consonants (CV, VC, CVC)
 3. /s/ clusters
 4. Velars (final /k/ then initial /k/ then initial /g/)
 5. Alveolars/labials
 6. Liquids (word initial /l/, word initial /r/)
