

Providing added motion restriction

The Vista® CTO provides added motion restriction and has multiple adjustment points to help ensure a comfortable, effective fit for the vast variety of patient anatomies. Like the Vista Collar, the Vista CTO is fully adjustable and only one size is required, reducing inventory costs and keeping patient care the main priority.

This brace is part of the Aspen MP brand!

With 25 years of research driven design, Aspen is committed to providing patients with effective solutions to their unique spinal conditions.

Locking Sternal Adjustment

Angle of support strut to fit a patient's anatomy.

Flexible Thoracic Adjustment

One size fits essentially all patient anatomies and unlocks to adjust during original fit and repositioning.
