

Aspen Pediatric Collar

For comfortable support & motion restriction

The Aspen line of pediatric collars is designed around the specific needs of children.

The five sizes of Aspen Pediatric Collars allow you to provide the highest level of patient care and provide a custom fit for all children.

This brace is part of the Aspen MP brand!

With **25 years** of research driven design, Aspen is committed to providing patients with effective solutions to their unique spinal conditions.

Gentle On Skin

The pads are made of breathable, open cell foam with a soft, hypoallergenic cotton lining which aids in keeping the skin clean, cool and comfortable.

Effective Motion Restriction

Aspen is proud to offer three pediatric sizes and two infant sizes, because a properly fit collar is a key factor in providing effective motion restriction. The PD4 and PD5 have an occipital support strap on the back panel that, when adjusted, provides a custom cradle for the back of the head.
