

## For Active Low Back Support

The Aspen Elite Active helps stabilize the pelvic and lumbar region through the unique combination of Aspen's patent pending UltraKnit™ technology and patented 4:1 mechanically advantaged independent compression system, which can be easily adjusted by patients to provide a therapeutic level of support.

### This brace is part of the Aspen MP brand!

With **25 years** of research driven design, Aspen is committed to providing patients with effective solutions to their unique spinal conditions.

#### Simple, Elegant Design

The Aspen Elite Active is comfortable for extended wear and with the low profile design, it can easily be worn under clothing.

#### Lumbar Pad For Support

A light weight lumbar pad can easily be added or removed to achieve optimal support, massaging pressure & comfort.

#### Patented Independent Compression System

Aspen's patented 4:1 tightening mechanism allows the patient to independently adjust the top and bottom to provide localized compression where it is needed.
