

## Quick Pain Relief Orthosis

**The QuikDraw™ PRO helps increase trunk stability and provide targeted compression to overworked muscles to help restore functional mobility.**

The mechanically advantaged SlickTrack™ tightening mechanism allows patients to easily control upper and lower compression, applying localized therapy directly to the lumbar region where needed to support fatigued muscles that spasm and cause pain.

### This brace is part of the Aspen MP brand!

With **25 years** of research driven design, Aspen is committed to providing patients with effective solutions to their unique spinal conditions.

#### Versatile Back Pocket

A back pocket allows use of a customizable rigid panel with a cushioning pad for better support, or an optional cold therapy pack.

#### Reliable Structural Integrity

Tri band technology system and integrated vertical stays provide stability and maintain structural integrity to help ensure effective compression and flexibility.

#### Patented Independent Compression System

Aspen's patented 4:1 tightening mechanism allows the patient to independently adjust the top and bottom to provide localized compression where it is needed.

### Ordering Information

Reference	Size	Waist circumference
993081	XS	53 - 69 cm
993011	S	66 - 81 cm
