

Knee brace for **gonarthrosis**

Indications

- Moderate unicompartmental gonarthrosis
- Post-surgery cartilage or meniscus treatment

Features & benefits

- **Patented Velcro® easy-to-adjust strap system:**
 - effective single-sided reduction of compression
 - the system comes into operation when required: decreased pressure when sitting and tension when standing
 - easy adjustable tension using winch system and easy regulation
- **Stretchy PlusComfort fabric:**
cotton inside for a maximum comfort and polyester outside for maximum resistance.
- **Light foam valves** adaptable to leg with buckles locking system.
- A single-sided stay made of **light aluminum alloy** extension and flexion limits.
- Fixing buckles with **built-in blocking pull** for easy tension, magnet to secure pull.
- **Technogel condyle pad** to dissipate pressure of straps.
- **Stretchy high and calf straps** for comfort when moving and movable pad with Velcro®.
