Separate Parts

Cost saving

Combined part*

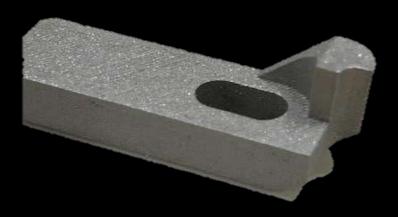

\$64K a year

End-use part in a Heli-Coil production line

Lead time saving

8 weeks

STANLEY

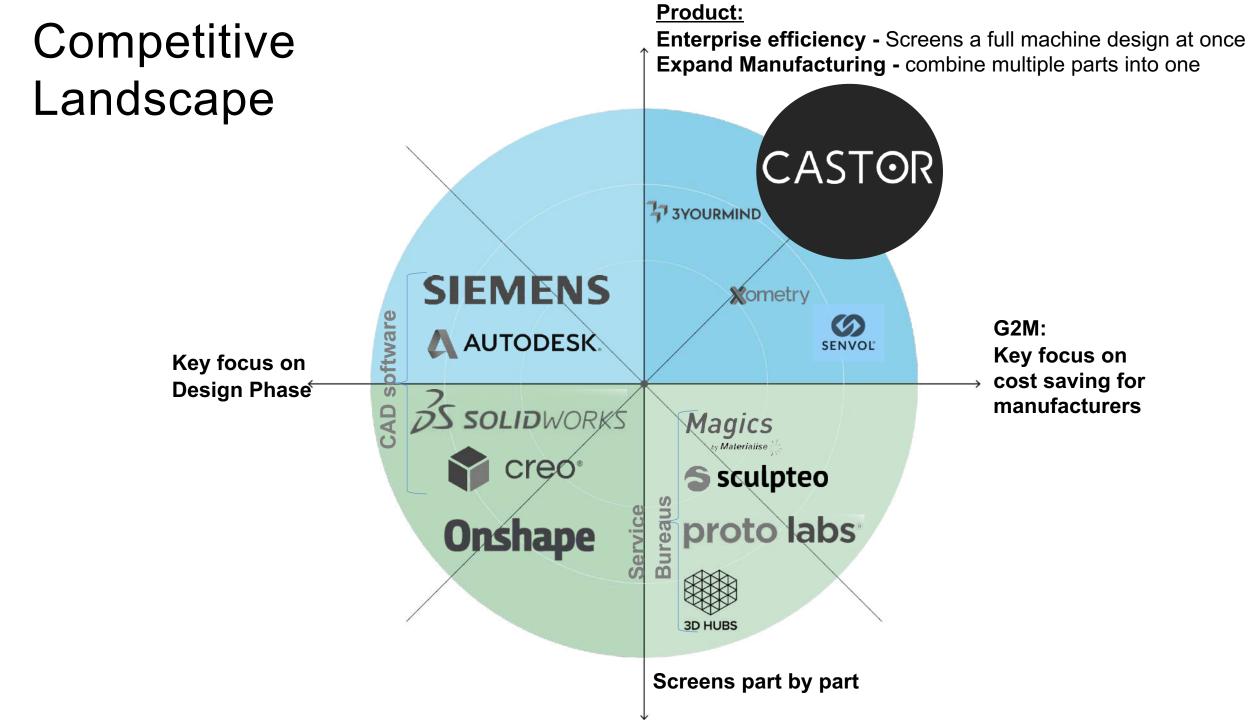

SMB Tier

1,000 parts/year at \$5 per part

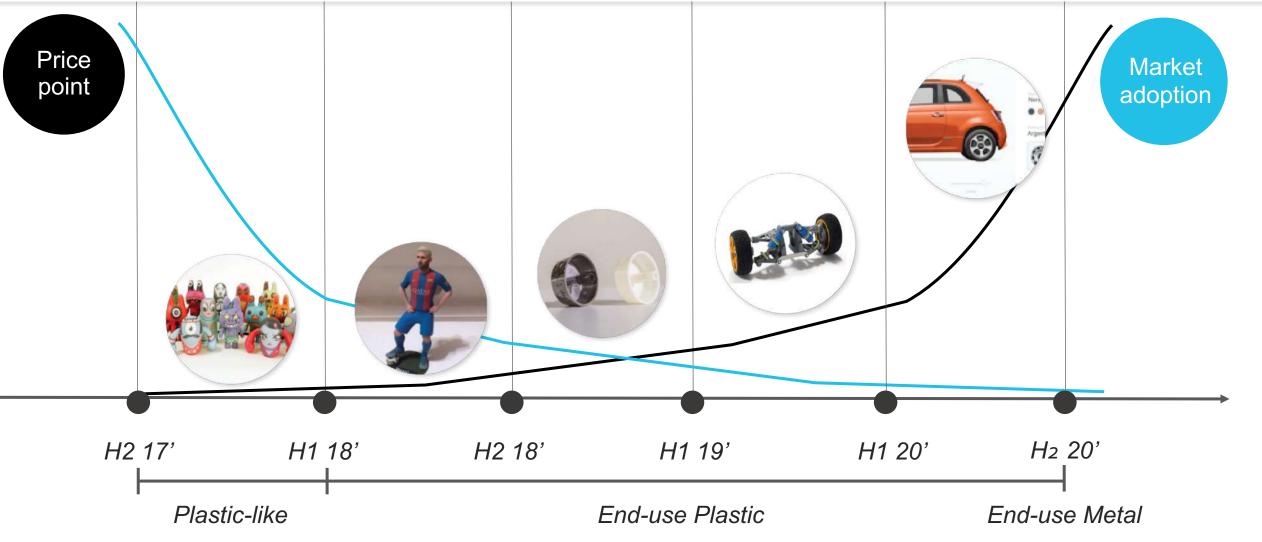

Enterprise Tier

50,000 parts/year at \$1 per part

Price varies by the number of analyzed parts

Why Now?

"in 5 years –build rates would be 4x faster than today and materials costs would be 55% lower" Bernstein report, 2018
