About Us

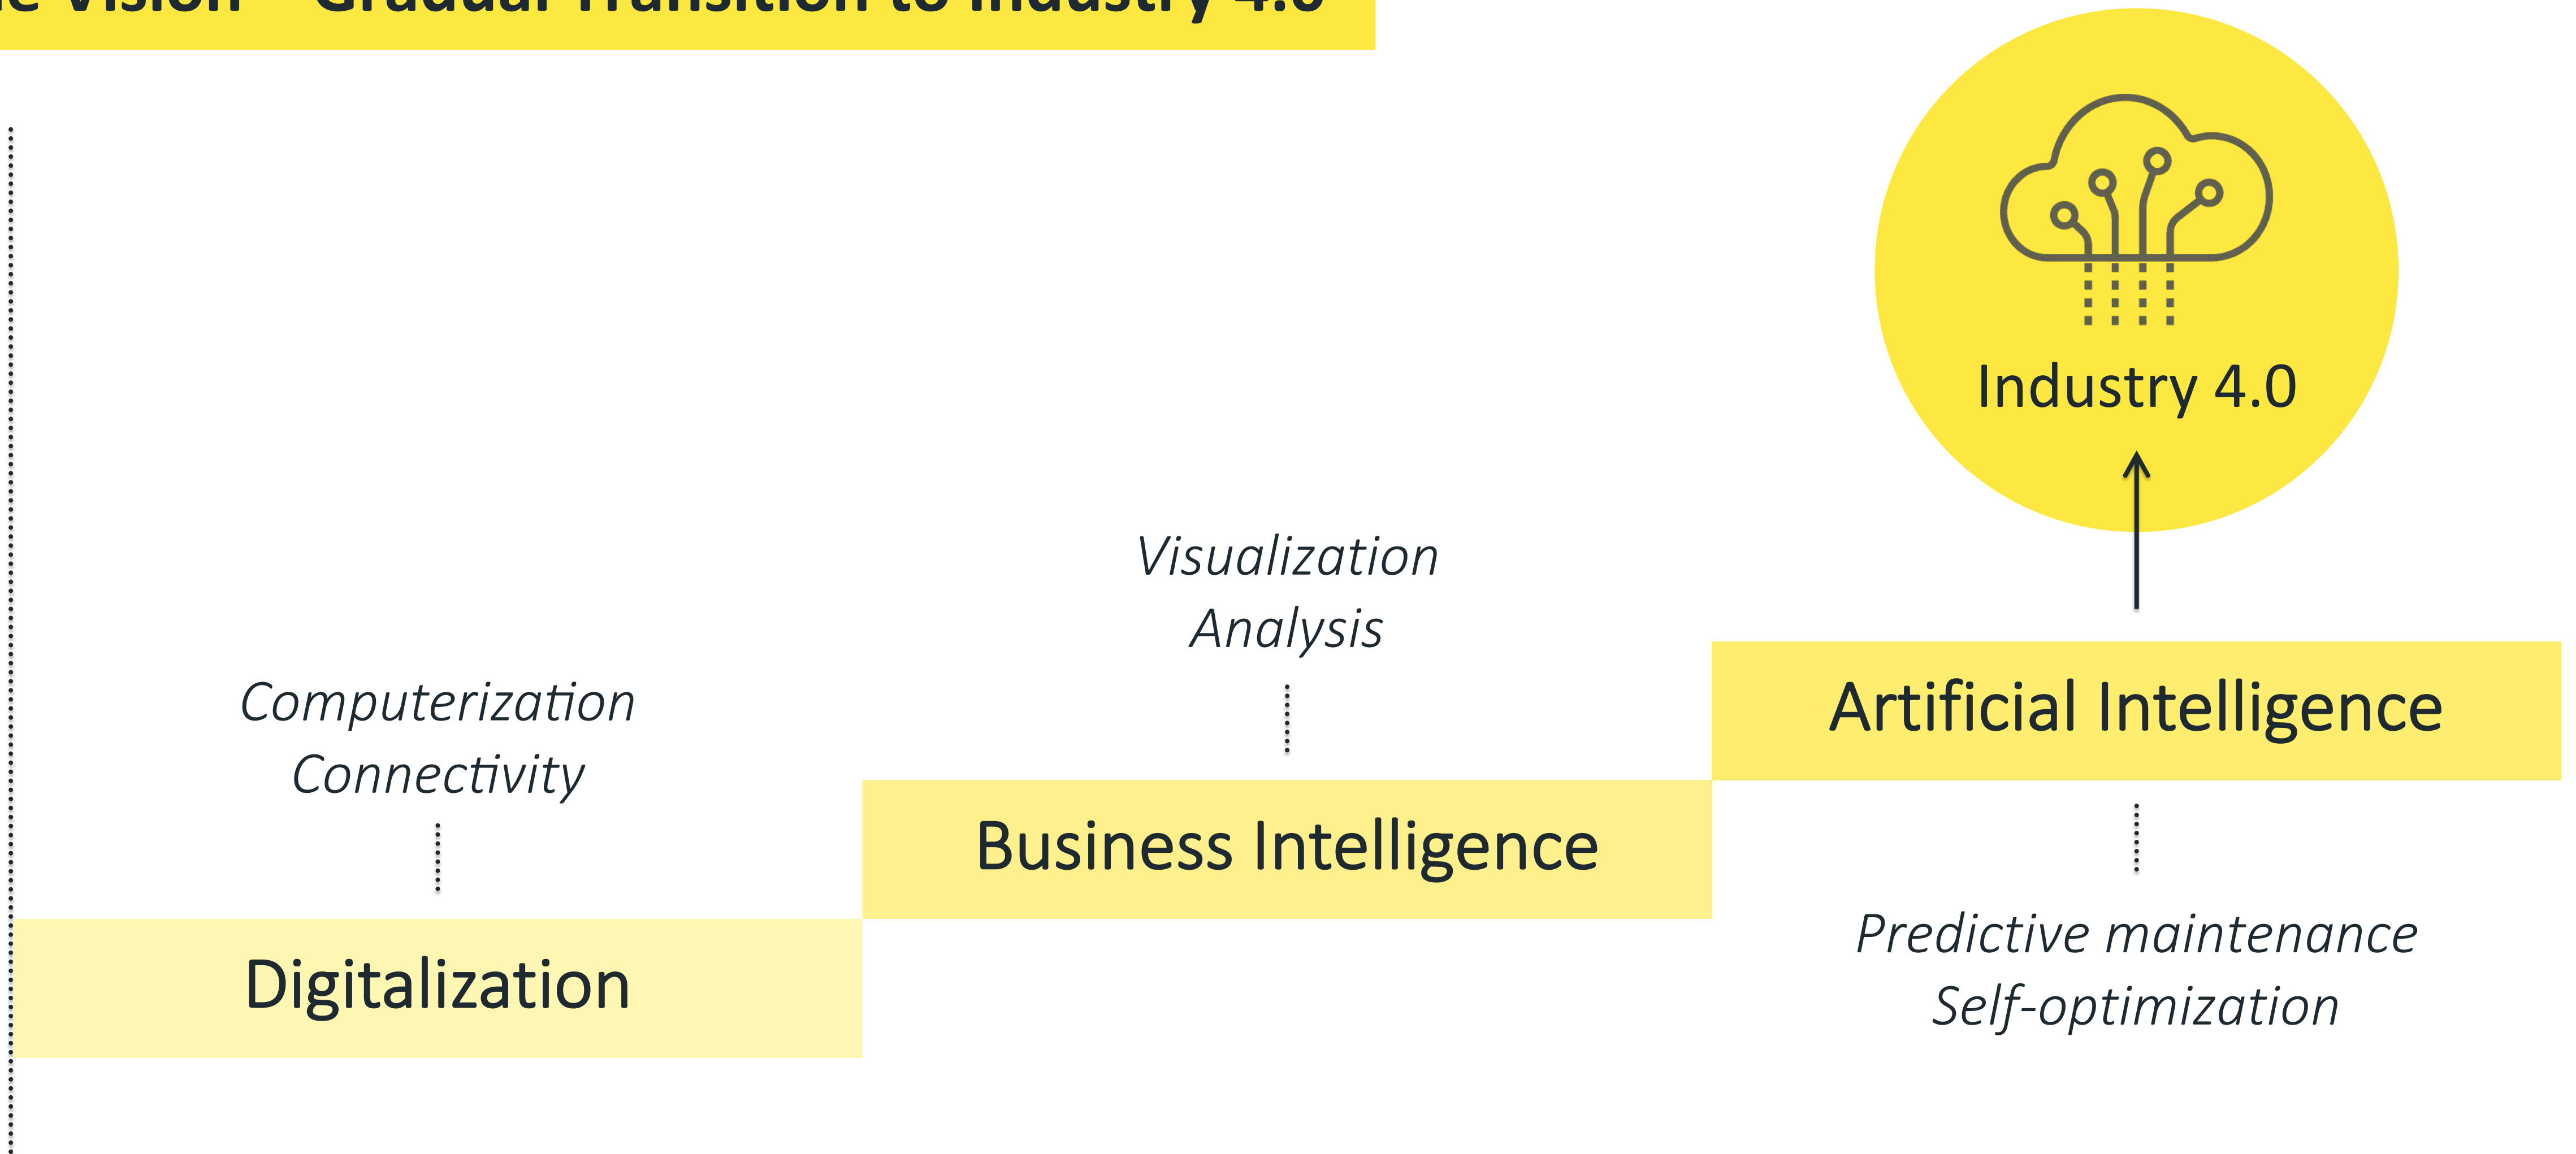

EIN PRESSWIRE

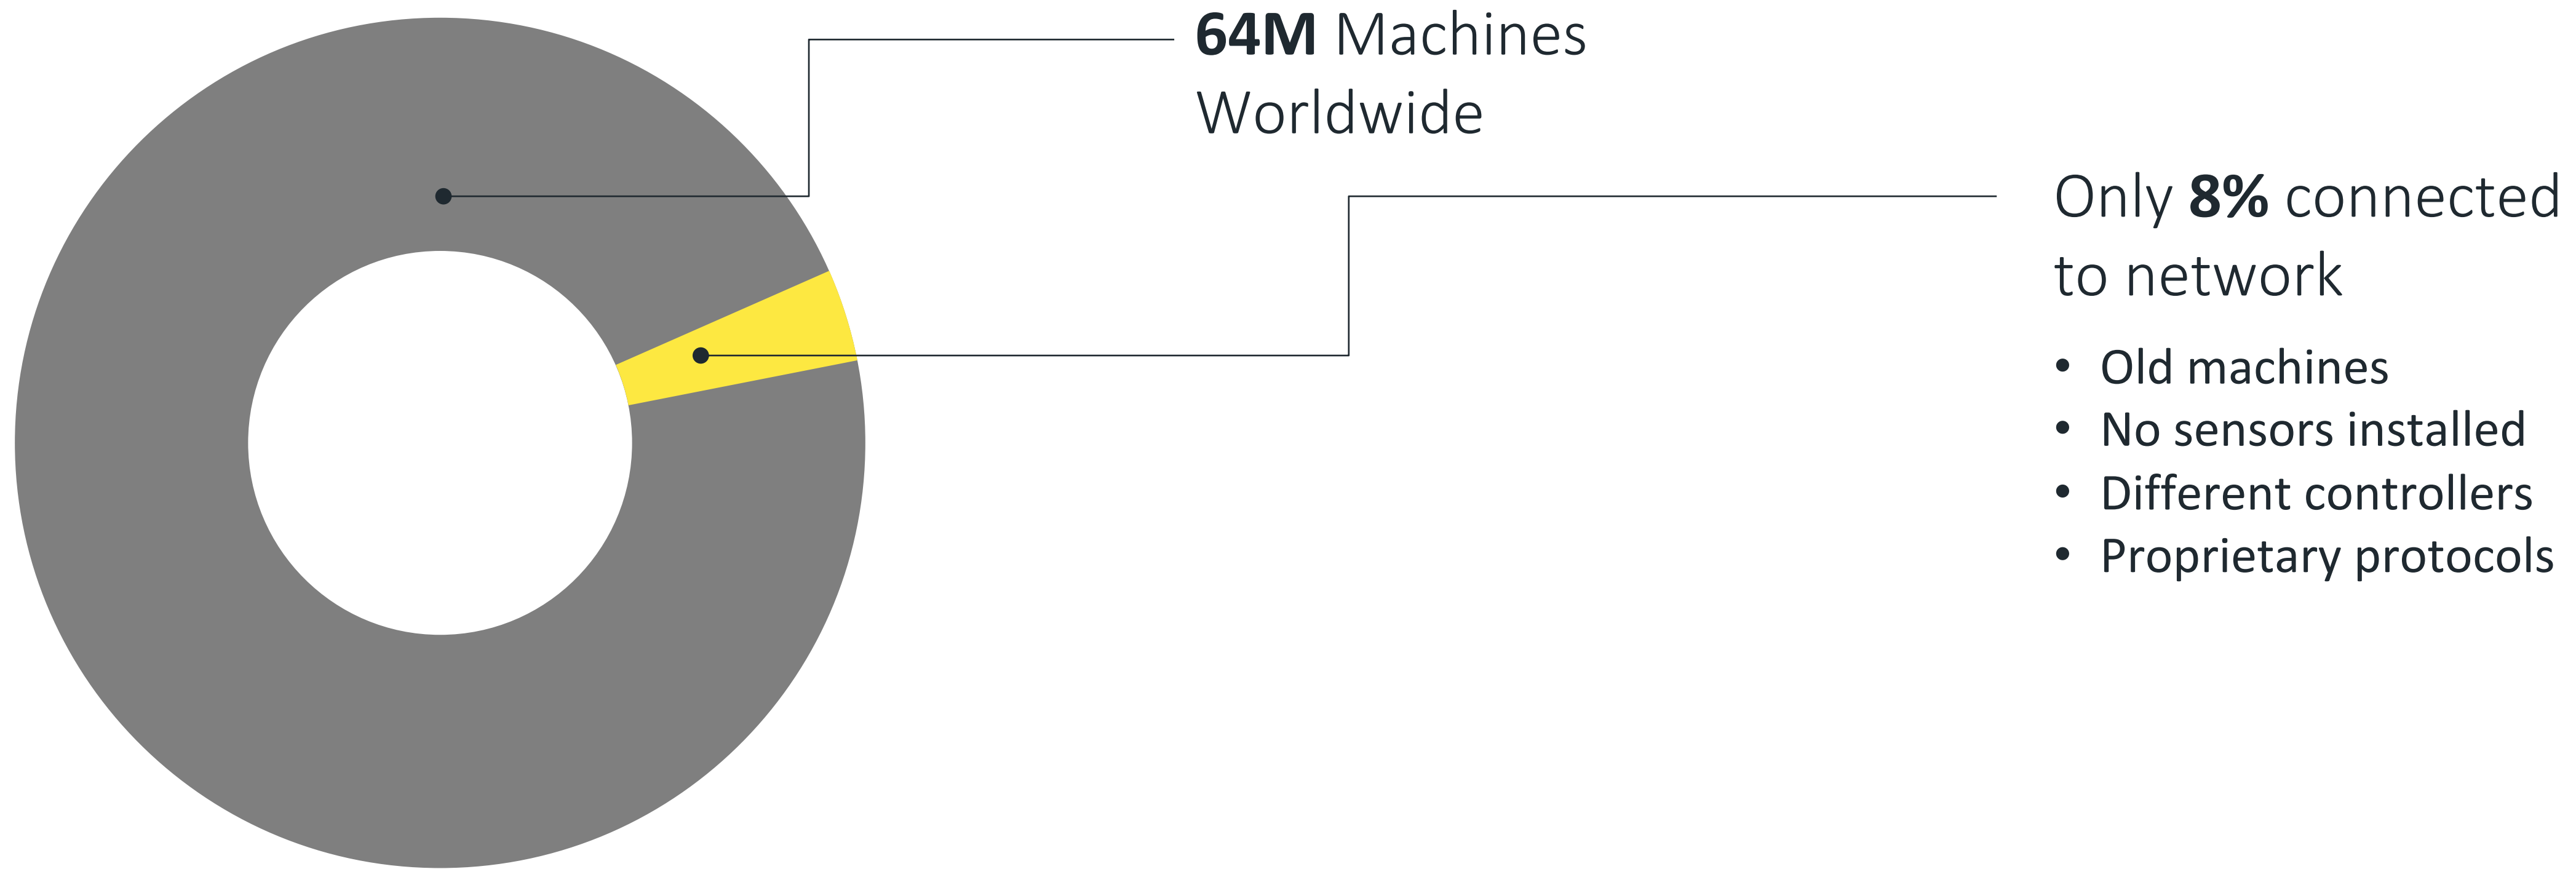

**3DSIGNALS ERZIELT IN ERWEITERTER
RUNDE A 20,5 MIO. US\$ UNTER
TEILNAHME DER MERCURA CAPITAL
GMBH (SCHULER-VOITH FAMILIE)**

3DSignals beschleunigt den digitalen Wandel in der Produktion hin zur Industrie 4.0.

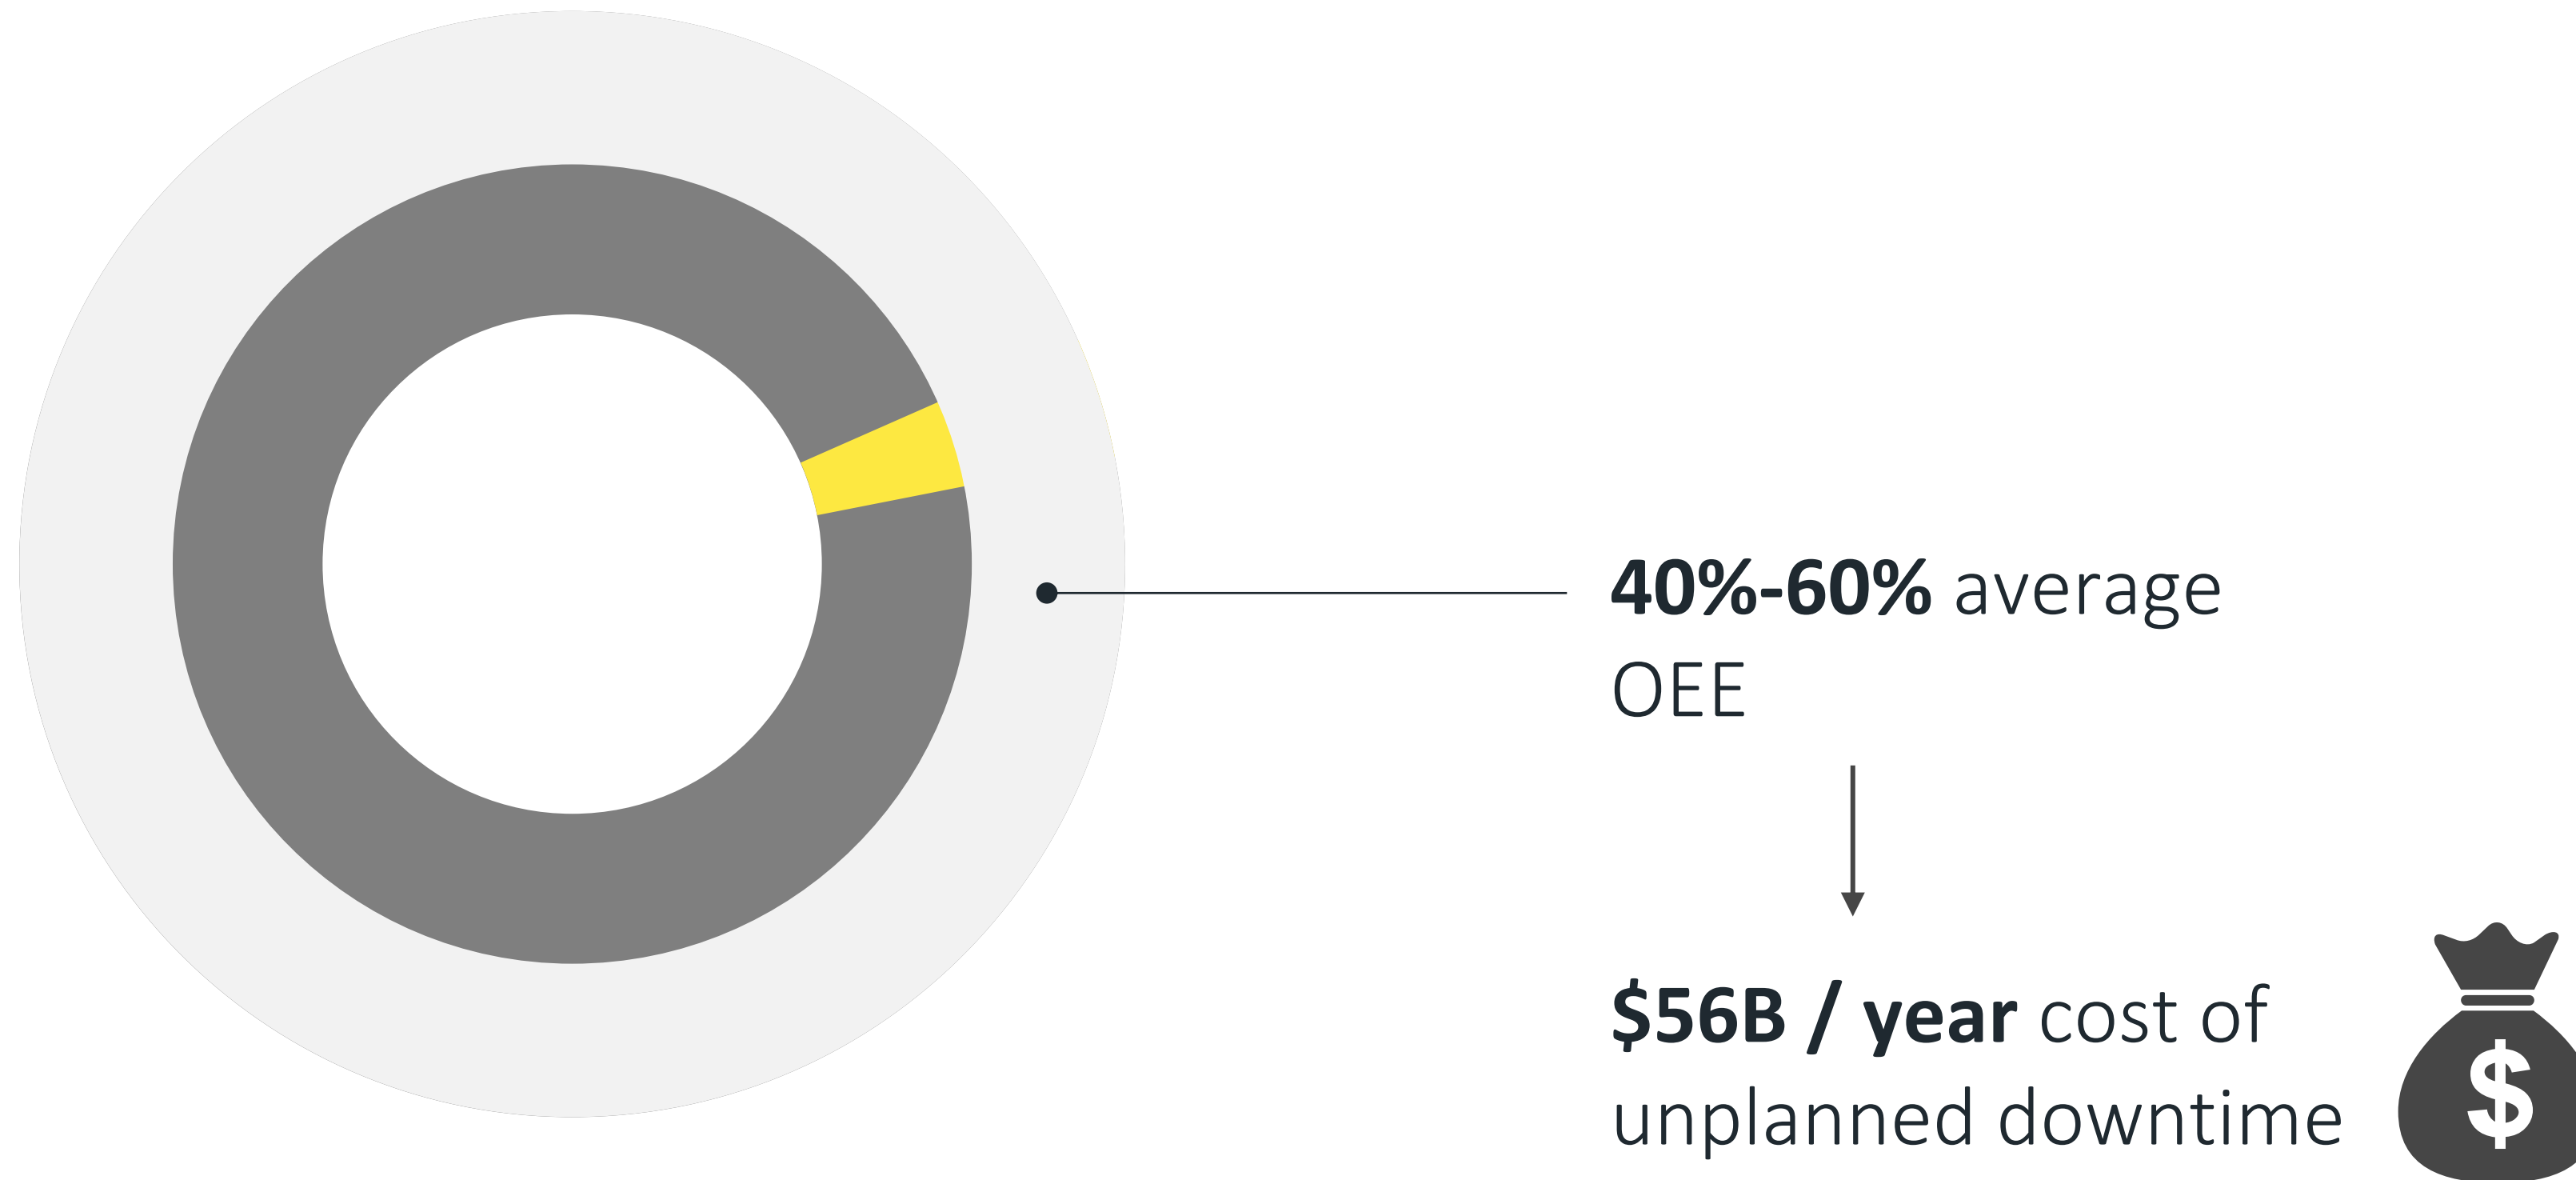

The Vision – Gradual Transition to Industry 4.0

The Reality – Majority of Machines are not Connected

The Result – Large Losses due to Unplanned Downtime

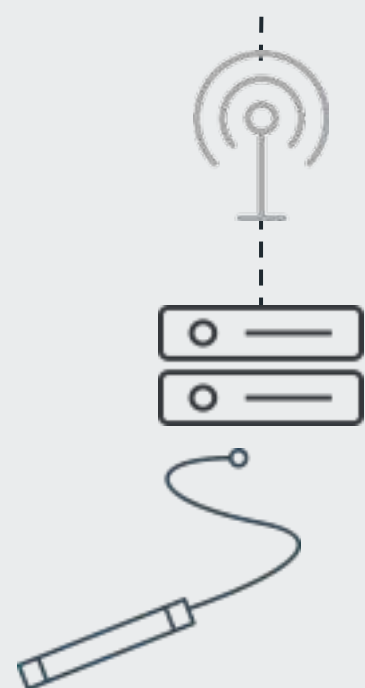

3DSignals – Welcome to the Digital Era

2-3 months

Key Advantages

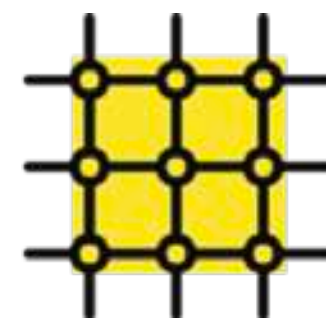

Hassle Free

We do everything

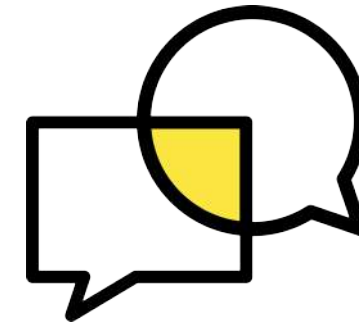

Fast Insights

Results within hours

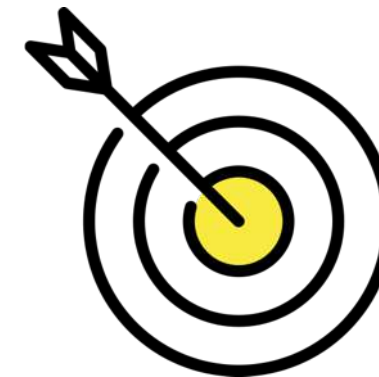

Interoperability

One dashboard for all machines

Common Language

One dataset across the organization

Accuracy

The sensors don't lie

Security

No digital connectivity with machines

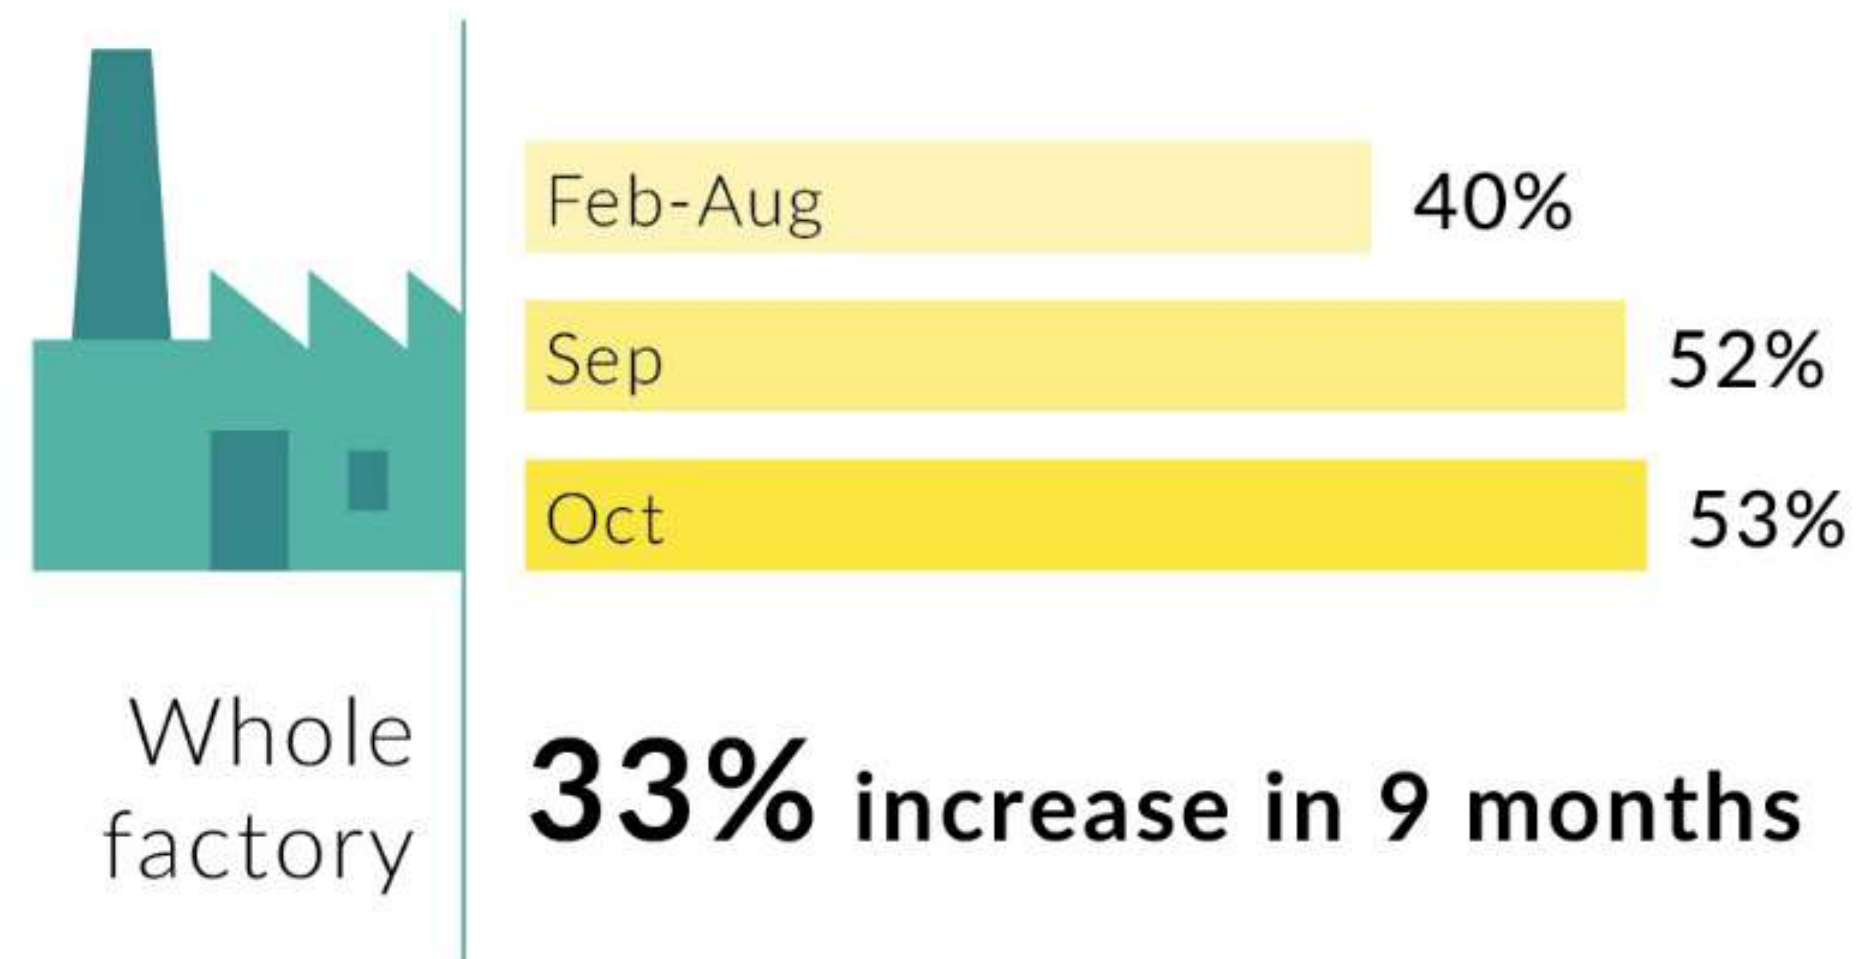

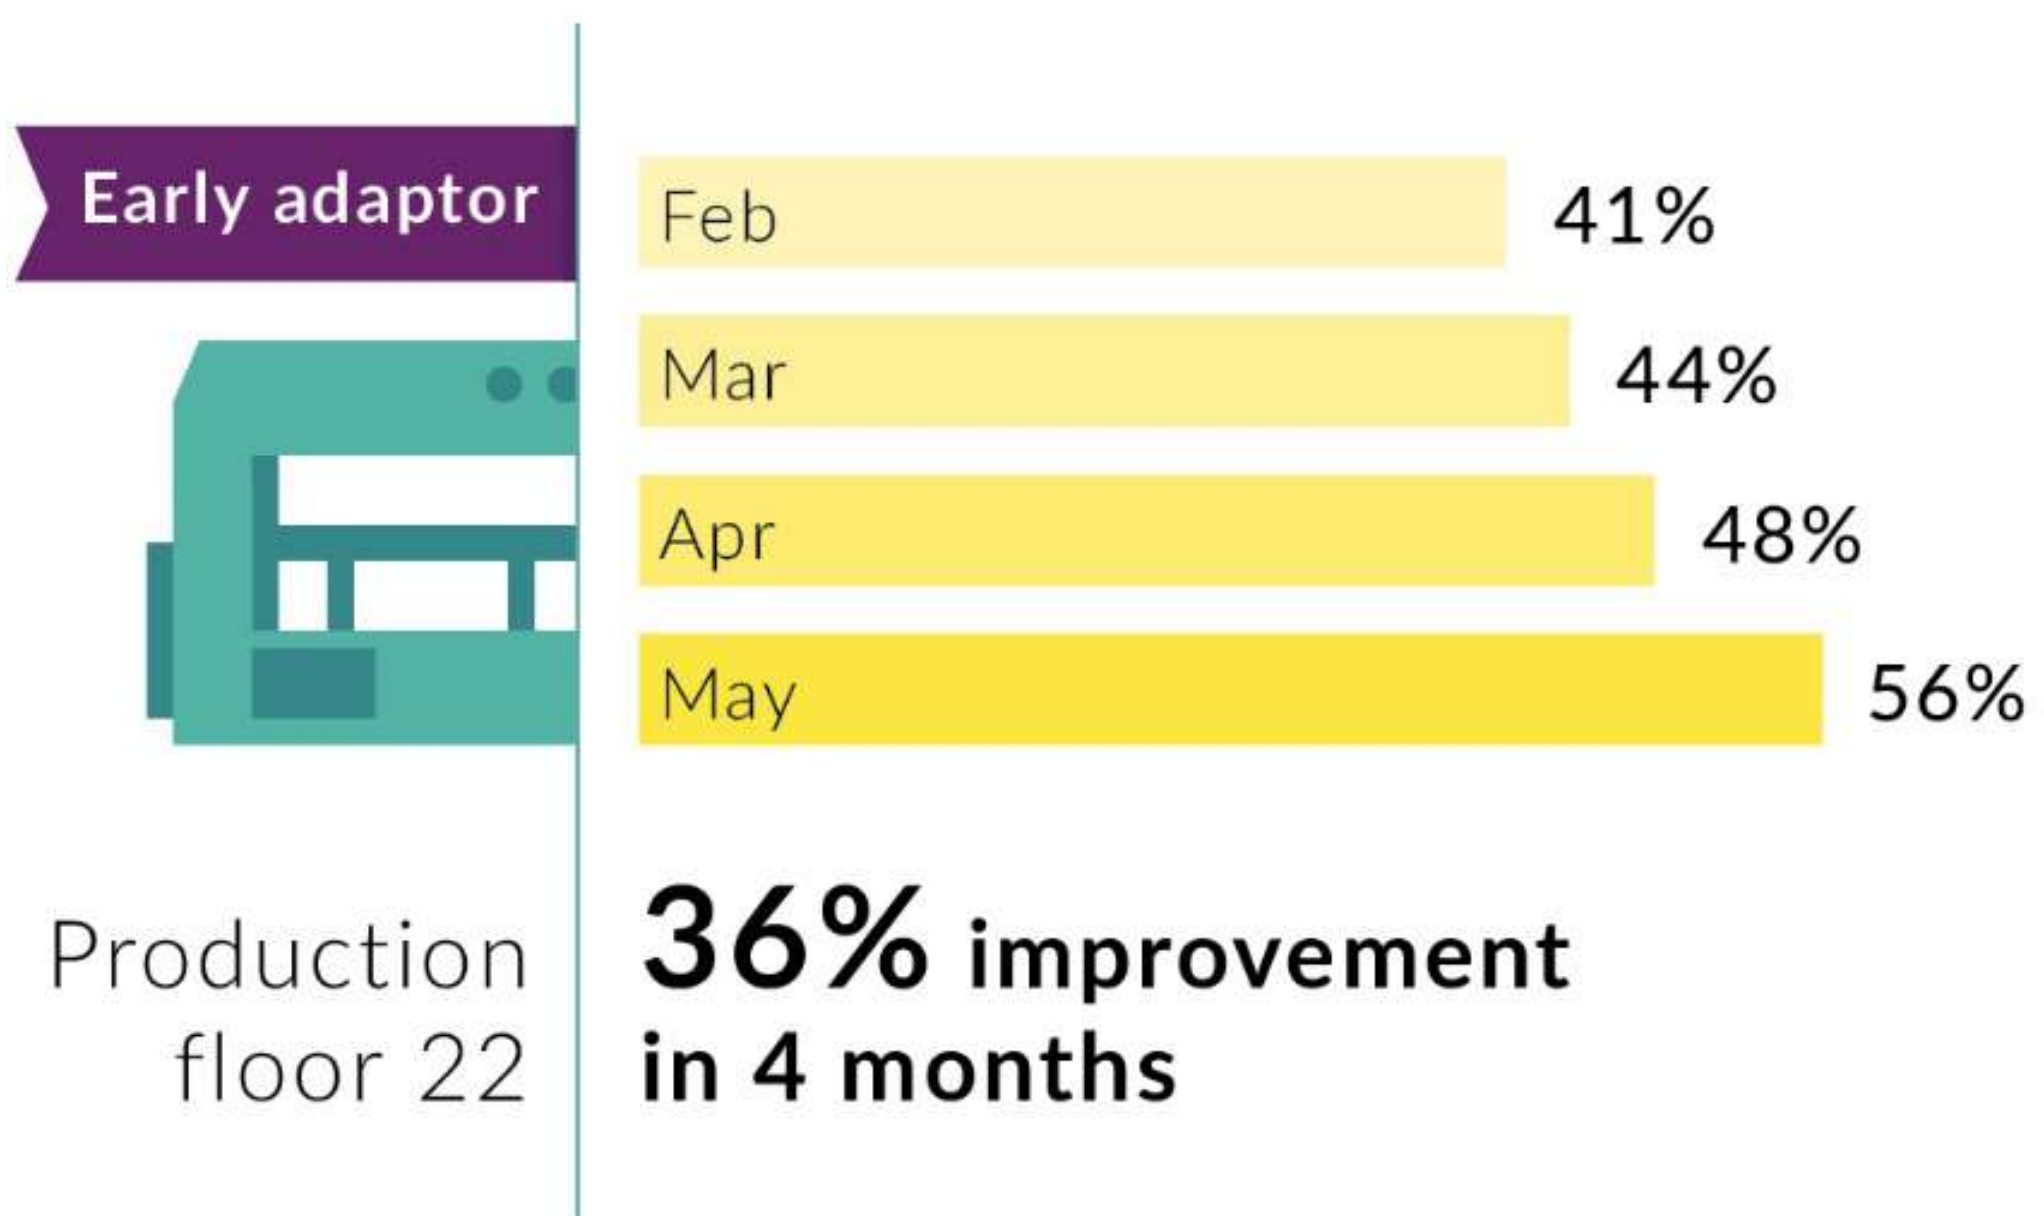

Growing Value

New capabilities on existing hardware

Case Study – SamsonAG

Improve Machine Availability

Reduce Manpower Costs

Early adaptor

Production floor 22

44% reduction in planned shifts

WHOLE FACTORY SAVING ESTIMATION

€600,000 / year

Reduce Energy Consumption by Preventing Machine Idle Time

AMOUNTING TO
>€60,000
