## Accounting & finance senior analyst (full-time)

Permanent employee, Full-time · Remote

### YOUR MISSION

- Handling various finance & accounting related topics
- Mastering analysis and building financial reports to investors is something you enjoy doing
- Support co-founder & CFO to drive financial planning; including annual budgeting, rolling forecasts, plan/actual variance analysis, as well as participation in longer-term strategic plans
- Prepare documentation, special studies and reports for departments and organizations as required
- Prepare and monitor invoices and bills to be processed
- Review and reconcile payables, receivables and bank accounts, and ensure all outstanding items are solved promptly
- You analyze financial processes based on which you elaborate recommendations for action as well as measures of optimization for our day-to-day business
- Work closely and support co-founder & CFO to build finance team in a growing start-up

### YOUR PROFILE

- You have a Bachelor or Master's degree
- You have gained first practical experience in consulting, accounting or the corporate finance team of a start-up/dynamic company
- You have profound experience within MS Office (particularly Excel)
- Preferably you have worked with an accounting system before
- Your mother tongue is German or you have pro-found knowledge (C1/C2 German language proficiency) and are fluent in English

### ABOUT US?

#### What we offer

- We are a truly international and diverse team. Openness and team diversity are two of our four core values
- Work from anywhere. Until you have a reliable internet connection, we don't care where you work from ;)
- Solid growth track. You will grow with a fast-growing startup with a 15+ team already today
- Work from home allowance. We want you to work comfortably, so we have an allowance for your individual work environment
- Open vacation policy. We understand that creation needs inspiration and quality pauses, so we don't count vacation day allowances
- Direct impact on the company. You work directly with the co-founders with a highly motivated team

### ABOUT US

**We are a young but fast-growing SaaS startup** and are working mainly remotely. Our vision is to provide the all-in-one platform solution that connects people across the globe to build meaningful relationships, both personally and professionally by connecting use cases and tools in new virtual experiences as part of online events and much more!!

Enough about us, if you want to know more, check out our website ([www.veertly.com](http://www.veertly.com)).
