

## Internship Opportunity: Full Stack Developer (m/w/d)

**Location:** Im Mediapark 5, 50670 Cologne / Germany

**Start:** 2nd Mai 2024

At PB Posting Boost GmbH, we're dedicated to innovation, always exploring new technologies to provide outstanding experiences to our global users. We offer interns the opportunity for full-time employment and share options, ensuring they're part of our success story.

We're currently seeking a **Full Stack Developer Intern** to join our dynamic team. This internship provides hands-on experience with cutting-edge technologies, allowing you to develop end-to-end solutions. We're looking for candidates with a solid foundation in web app development and a keen interest in learning new technologies.

### Responsibilities:

- Participate in all stages of the agile software development lifecycle, including design, coding, testing, and deployment.
- Architect and implement end-to-end systems optimized for performance and scalability.
- Utilize technologies such as JavaScript, Node.js, NestJS, GraphQL, and MongoDB.
- Collaborate with cross-functional international teams.

### Required Skills and Qualifications:

- Pursuing a degree in computer science, information technology, or a related field.
- Familiarity with JavaScript, Node.js, and related frameworks such as NestJS.
- Basic knowledge of GraphQL and its implementation.
- Experience with MongoDB and object document mapping using Mongoose.
- Ability to debug and optimize code for performance improvements.
- Knowledge of unit/integration testing methodologies.

### Duration:

This internship position is a **3-6 month paid internship** opportunity.

### Location:

Im Mediapark 5, 50670 Cologne, Germany, with the possibility of remote work.

### How to Apply:

Interested candidates should submit their resume and cover letter to Demet Karaca [demet.karaca@postingboost.de](mailto:demet.karaca@postingboost.de). Please include any relevant projects or portfolios showcasing your development skills.
