

HeatArmor®

# 5054

HexArmor®

Built to handle extreme heat applications such as MIG welding, HexArmor's HeatArmor® 5054 gloves are purpose-built with industry-leading protection, fit, comfort, and longevity.

The 5054 features a cowhide leather exterior with our revolutionary, long-lasting HeatHide® leather treatment technology while an interior HPPE/polyester/steel liner delivers 360° cut protection – allowing you to switch applications without switching your gloves. Plus, back-of-hand goatskin reinforcements deliver extra strength and durability while working with MIG or flux core welding guns specifically.

## Attributes

**Style:** Hot work/Welding

**Grip:** Dry or light oil

**Cuff style:** Gauntlet

**Sizes:** 7/S through 12/3XL

Flame  
resistant

Arc flash  
rated

## Product features

- HeatHide® technology leather treatment is ideal for extreme heat applications such as torch cutting, welding and foundries
- HPPE/polyester/steel blend liner provides 360° cut protection (interior layer)
- Made with flame-resistant materials
- Goatskin leather palm
- Aramid stitching throughout for added strength and durability
- Back-of-hand goatskin leather reinforcements
- Gunn cut construction
- 4.25" extended gauntlet cuff with polyester lining
- Designed for MIG welding applications
- Vend-packed
