Comfort and Convenience

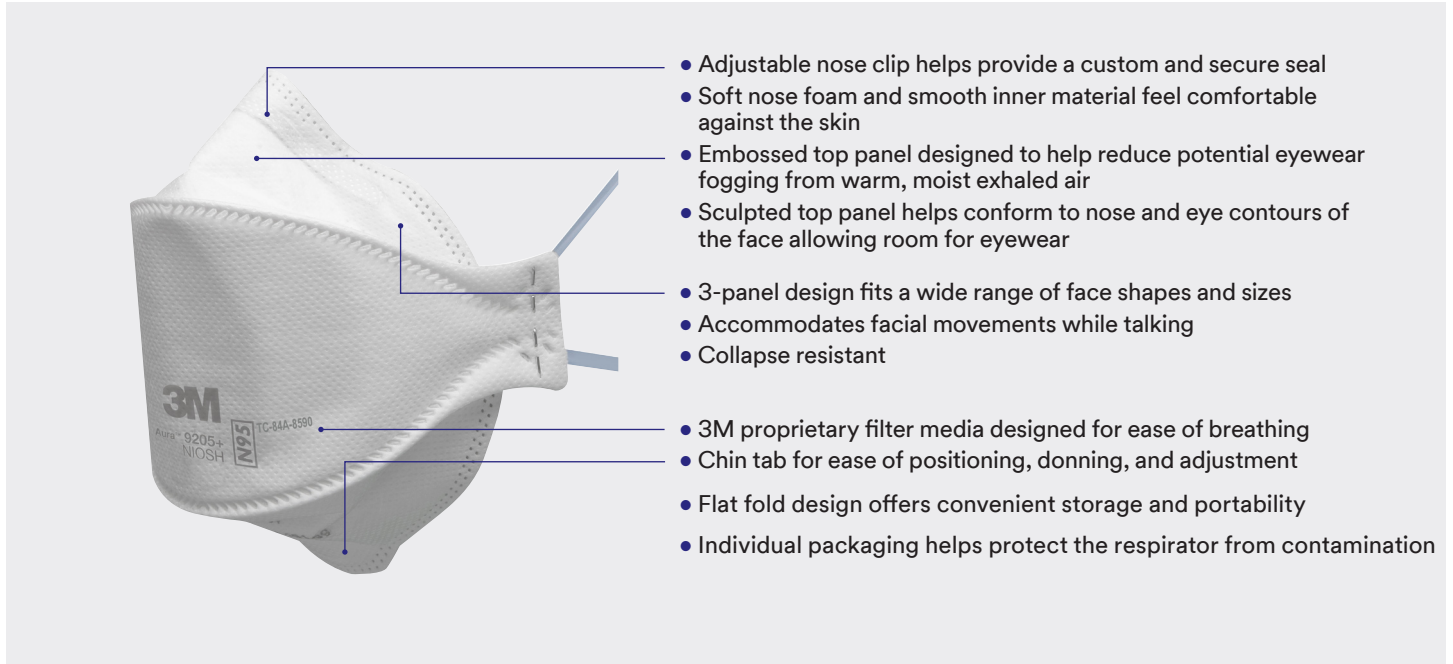

3M™ Aura™ Particulate Respirator 9205+, N95

The 9205+ respirator combines comfort and convenience with its sculpted nose panel and innovative chin tab for ease of positioning, donning and adjustment. In addition, the Aura™ respirator design features an embossed top panel that is designed to help direct exhaled air away from the nose panel and help reduce the potential fogging of eyewear from warm, moist exhaled airflow. This particulate respirator provides all these benefits in an individually wrapped package for your convenience and protection from contamination before use.

The 3M™ Aura™ Particulate Respirator 9205+, N95

Comfort Features

- Adjustable nose clip helps provide a custom and secure seal
- Soft nose foam and smooth inner material feel comfortable against the skin
- Embossed top panel designed to help reduce potential eyewear fogging from warm, moist exhaled air
- Sculpted top panel helps conform to nose and eye contours of the face allowing room for eyewear
- 3-panel design fits a wide range of face shapes and sizes
- Accommodates facial movements while talking
- Collapse resistant
- 3M proprietary filter media designed for ease of breathing
- Chin tab for ease of positioning, donning, and adjustment
- Flat fold design offers convenient storage and portability
- Individual packaging helps protect the respirator from contamination

This respirator can help reduce inhalation exposure to airborne biological particles. Always read and follow the product *User Instructions*.

Potential Applications Include: Bagging, grinding, sanding, sawing, sweeping, woodworking and other dusty applications.
