

HV55

HIGH VOLTAGE ELECTRICAL GLOVE PROTECTOR

SPECIFICATIONS

ATPV Rating	32 cal/cm ²
Back Type	Kevlar Strap
Construction	Cunn
Cuff Type	Gauntlet
Finger Type	Fourchettes
Leather Cut	Select Grain
Leather Type	Goatskin
Length	12"
Lining	Unlined
Stitching Style	Kevlar
Thumb Type	Reinforced Wing
Sizes	9 - 12
Packaging	6 Dozen/ Case

FEATURES

- 32 cal/cm² ATPV rating for superior heat protection
- Select grain goatskin leather for durability and abrasion resistance
- Kevlar strap back and stitching for cut and seam strength
- Fourchette fingers for improved fit and dexterity
- Designed as a glove protector to enhance safety over rubber insulating gloves

APPLICATIONS

Welding & Hot Work (as a protective overlay)
 Metal Fabrication
 Foundry Operations
 Steel Mills
 Oil & Gas Maintenance
 Heavy Equipment Handling

Sizes: 9 - 12
