Body Treatments

Espresso Mud Detoxifying Body Treatment

Remineralize your skin while drawing out impurities. This detoxifying treatment starts with a vigorous exfoliation using volcanic Pumice and Coffee Arabica to stimulate circulation, followed by a warm wrap with mineral-rich Black Silt Clay and herbal extracts of Indian Sarsaparilla and Honey to help smooth and firm the skin.

Moisture Drench Skin Conditioning Treatment

The ultimate skin conditioning treatment for the body starting with the application of a warm mineral rich seaweed wrap infused with Japanese Ume Plum extract to revitalize the skin followed by a massage using sea fennel to deeply seal in moisture for a silky, satin finish.

Facials

All of our facials are suitable and personalized for both men and women.

Custom Made

Biologique Recherche facials are best known for their methodology and highly concentrated fragrance-free marine or biologically active ingredients. This facial is ideal for all skin types, particularly those in need of reconditioning, repairing, lifting and pigmentation reduction. Your aesthetician will select for you a “booster treatment” based on targeted skin concerns.

Second Skin

The Second Skin treatment accelerates cell renewal and optimizes the regeneration for a visible and immediate tightening effect. It increases the cohesion, firmness and density of the skin while reshaping the facial contour.

Signature Custom Made

This luxuriously hydrating and regenerating facial is perfect to manage environmental damage caused by time. A Co-Facteur advance treatment is added to your custom-made booster facial for more driven results.

Remodeling Facial

Wider-looking eyes, more prominent cheekbones, softer wrinkles, a better-defined facial contour. Bespoke Biologique Recherche Remodeling Face® can perform all this magic for you. This machine uses state-of-the-art bio-electrotherapy for tailored beauty treatments combining four types of currents. The facial includes a booster treatment.

Skin Instant Lab®

The first step of Biologique Recherche Methodology. A unique system for analyzing, diagnosing and prescribing customized facials and products which can be added to any Biologique Recherche treatment.

Oxygen Facial

The expertise of Intraceuticals oxygen treatments and innovative cutting-edge hyaluronic acid technology is used to infuse vitamins and powerful antioxidants resulting in an immediate boost to dull, dehydrated skin simultaneously restoring elasticity.
