

Developing and sustaining an ACP Service - What's it all about? Virtual study day

Date: Thursday 08 July 2021
RCEM accredited for CPD

This study day is designed to gain an understanding of developing and sustaining an ACP service, including looking at the toolkit to develop this service including and learnings from established teams.

Learning objectives:

- To gain an understanding of developing an ACP service
- To gain insight from established ACP teams: pearls and pitfalls
- Identify the toolkit required to develop and sustain an ACP service
- Explore governance structures and the credentialing process
- Recognise the support required for staff moving into a trainee role from nursing, physiotherapy, pharmacy and paramedic roles
- Reflect on how to support the ACP in difficulty
- Explore the role of educational and clinical supervisor for the ACP

Who should attend?

- EM staff at all levels, physiotherapists, paramedics, nurses, hospital management and all specialities looking to develop an ACP service

CPD certificates

CPD certificates will be sent to those who attended the live session ten working days from the end of the event. Please note, you are required to attend the live event in order to receive your CPD certificate.
