## Der Kinogeher

he day before Lonnie died, Kate took a notion to  
him a visit. Ordinarily I pick her up at Merle's office,  
to her off at her secretary's and drive downtown  
re I transact a few odds and ends of business for her,  
aunt, at Uncle Jules' office. But today we have only  
walk across the street from Merle's office to Touro  
mary. *Krautwörter*, *Verwicklung*  
had my doubts about Kate's idea. It was an extrava-  
t womanish sort of whim, what I call privately a  
bling, or duplication: like the time she took a notion
