TOP FIVE DRIVERS

01. IMPROVED EFFICIENCY / TECH RELIABILITY

REASONS:

- ▶ IT staff stretched thin
- ▶ Employee training/experience not up to date
- ▶ Access to the latest technology and tools
- ▶ Greater uptime and profitability

60 percent of end users describe their managed services engagement as a collaborative arrangement. Co-managed IT puts some IT tasks in the MSP's hands, while others remain in house.

02. ENHANCED SECURITY / COMPLIANCE

REASONS:

- ▶ Protect profit centers and stakeholders
- ▶ Laptops, desktops, smartphones, applications, tablets, servers, browsers, devices -- these can all be a threat vector that must be secured

03. PROACTIVE APPROACH TO MAINTENANCE

REASONS:

- ▶ Reliable, streamlined operations
- ▶ Robust technology with maximum uptime/minimal frustrations
- ▶ Understand the state of their IT environment and future needs

04. ROI / COST SAVINGS

REASONS:

- ▶ Cutting the IT budget
- ▶ Making room for new initiatives
- ▶ Lowering the cost of in-house labor
- ▶ Increasing IT Department efficiency

05. FREE IT STAFF TO WORK ON STRATEGIC PROJECTS

REASONS:

- ▶ Increase the forward-looking potential of in-house IT
- ▶ Focus staff on projects and assignments they are best suited to handle
- ▶ New business priorities/initiatives can be pursued
