# ACCESS

**Access+ offers advanced security and efficiency, ideal for safeguarding your tools and parts**

## Key Features

### Simplified Key Management

Revolutionize your inventory security by eliminating the need to create, manage, or track keys for your Vidmar® and LISTA® cabinets. Enjoy peace of mind with secure, efficient access that enhances productivity and safeguards your valuable assets.

### Simple and Secure Access

Easy and secure badge access to your Vidmar® and LISTA® cabinets. CAC & RFID Compatibility: Seamlessly works with existing RFID and CAC cards for user convenience.

### Advanced Tracking & Reporting

Tracks and logs access date/time, identifies users, logs failed access attempts, logs manual override usage and secures assets for added security and accountability.

### Integration with CribMaster Cloud

Powered by CribMaster, Access+ seamlessly integrates into your operations, enhancing efficiency and securing assets. Real-time communication through CribMaster Cloud optimizes your workflow, saving time and boosting profit margins.

### Remote Management

Efficiently manage access based on department or skill set, granting individuals or groups specific permissions from anywhere using your phone, tablet, or computer.

### Unlimited Users

There are no limits on the number of users that can be added, allowing for unlimited user expansion to meet your specific requirements and scale as needed.

### Ease of Use

Auto Re-lock Capability, automatically re-locks after access to provide continuous security. Lock Status LED lets you easily identify when the cabinet is secure.
