I am currently studying for a MA in Producing at the MetFilm School London. I have always been fascinated by the creative industries, especially film production and TV. I am a sociable person, and am able to work under high-pressure situations and keep to strict deadlines. I am both comfortable working in teams with people, as well as working as an individual. Currently looking for part-time work alongside my MA.

### POSITIONS OF RESPONSIBILITY

2020 - *curr.* **Freelance Videographer, Photographer and Editor** - Ruby Ruth Dolls Ltd.

I have filmed and edited interviews for launch videos to promote the brand on social media and the website. Also, I have photographed the products in Barcelona, Brighton and am planning to travel and photograph them again in the future.

2019 - 2020 **Sales Assistant** - Poundland, Brighton.

I have handled cash and credit card payments, utilized customer service skills, sales techniques and product knowledge to connect customers with the correct product. I've provided superior customer service to enhance consumer loyalty, and merchandised the store alongside supervisors.

2017 - 2020 **Student Ambassador** - School of Media: University of Brighton

I have taken on the role of being a student ambassador with the aim to improve the sense of community within our University. This role involved event organisation, documenting events (via videography/photography/social media) and content creation. Working Open days at the University also meant interacting with and informing prospective students and parents about the University as well as being model students.

01/2019 - 02/2019 **Work Placement** - Dragonfly Video Productions

I completed a 4-week placement at Dragonfly Video Productions which involved doing casting and development research, running, transcribing, organising timetables, creating and emailing proposals to clients as well as being involved as an assistant to a music video shoot.

06/2017 - 07/2017 **Paid Internship** - Choueiri group, Media Representation Group

Working at Choueiri group, I was able to perfect multiple presentations for pitches, create spreadsheets for data analysis, and gained a deeper

understanding of the advertising sector and website design. I worked alongside another intern which encouraged teamwork and communication.

08/2017 **Advanced Media LLC** - Production and Advertisement

Working at Advanced Media LLC was my first experience at a media company that paved my path for the future. I was taught by professionals about camera equipment and sound for advertisements and videos. Alongside that, I did some organisation work for magazines and data into spreadsheets.
