## VOICE OVER TALENT

---

I am a voice actor located in DFW, Texas. I have a professionally treated vocal booth with all of the latest equipment and software to make your vocal projects pop! I specialize in Commercial, Promo, Character, and Narration voice over work including Corporate and Audiobooks. As an avid gamer and reader myself, my pastimes help feed directly back into my reads to give me more interesting points of view and approaches to take in my work. When not in the booth, I'm out traveling the world to see all that I can see!
