About me

Originally from the Isle of Arran, I have spent the last six years living and studying in the city of Glasgow to pursue a career in the media industry. I have recently graduated from Glasgow Caledonian University with a first-class Honours degree in BA (Hons) Media and Communication.

I am now aiming to transition my skills into a professional landscape within the film and high-end TV industry through entry level positions such as PA and Covid PA.

I have an awareness of COVID health and safety regulations, have been vaccinated and hold a Screenskills COVID awareness certificate.
