About Me

I have worked for 25 years successfully running my own salon. In 2017 I decided to focus on becoming a freelancer within the Film , T.V.industry , something I always wanted to achieve . Having gained some experience working on films and commercials , I realised this is where I am my happiest, I love it .

I am fully trained and confident in all aspects of hair cutting , hair colouring, colour correction, hair up , male grooming , barbering, with well-developed creativity skills. This experience has allowed me to recreate and create hair-styles on natural hair, wigs, and wefts with respect to its appearance for print, fashion, television and film. Additionally I have experience with applying natural make up. I enjoy working as part of a team to help create a vision and building relationships and trust with clients.
