

Simone Philcox

Hair and Makeup

Having had a lifelong dream of being a make up artist for Tv & Film, I took the leap to embark on a second career later in life and retrain at The Christine Blundell Academy for Tv, Film & Theatre Makeup, where I graduated from in 2017. I love being hands on and creative and working as part of a team. I get so much joy out of playing a part in bringing stories to life on the screen.
