EXPERIENCE

January 2021 to Current

Head of Production Firestone Video, Newcastle Upon Tyne

- Lead planning and organizing of production schedules to create performance-driven video, working closely with clients to create and execute a brief that exceeds their business needs.
- Manage pre- and post- production elements to ensure smooth running on set. Provide excellent leadership skills to maintain steady and productive operations.
- Tackle issues with crew members and actors immediately to achieve quick and effective resolution while keeping projects on schedule.
