## SKILLS

- I am proficient in Adobe Premiere have been using it for 6 years to create videos which are accessible via Youtube or on my website. I have been using a Nikon D7000 camera for the past 5 years and am well versed in how to operate a DLSR camera, as well as having a basic understanding of how to use LED lighting equipment.
- I have experience in retail and education sectors respectively, and I have been teaching swimming for 4 years, showing my dedication to fulfilling jobs. I will always put my upmost effort into whatever is needed of me, shown by my extensive work history.
- I have completed Bronze and Silver Duke Of Edinburgh awards, both of which required a lot of skill and dedication, and required that I volunteer at British Heart Service for a year altogether.
- I am good at working in a team: collaborating with new peers on a BFI Film Academy course over lockdown helped me to understand how fundamental different roles within a team are and how to support other members with less experience than myself.
