Julia

Everything is fine!

Darren

Julia those goons they attacked me, "they came to me" and I defended myself, guns, numbers, they could have had anything!

Julia

And if that was me?

Darren

What do you mean!?

Julia

If I got beaten to a pulp, you'd stand by and wait weeks for the police to maybe catch the pricks or... find them and rip them to pieces with your bare hands!

Darren

I don't know, does revenge matter more to you than my life?

Julia

No (beat) no it doesn't but it was the last thing I expected and I got the job done so everything's fine right?
