Premiere Pro & Avid

"Phenomenally exciting to watch" - Jonathan Ross on *Base the movie*.

"A brilliant film" - The Guardian on *Another News Story*.

"Dominic was absolutely amazing - ensuring a film with a lot of diverse and sometimes chaotic footage was weaved together into a compelling film that won awards. He was not only great at editing but also friendly, respectful, collaborative, supportive. I cannot recommend him enough." - Verity Wislocki, Wislocki Films.

I love crafting the story, and shaping those that really matter is the best job in the world. 20 years editing experience. Both drama and documentary features have won awards and *Another News Story* was shortlisted for best film at the Grierson Awards. Six years at Vertigo Films as an assistant and then junior editor gave me the gift of learning from some of the most creative film-makers in British cinema.
