## Profile

I am currently in my second year of studying a Creative Filmmaking degree at (Screenology)Plymouth Marjon University, with a particular emphasis on cinematography. The course has enhanced my enjoyment of film and the craft of filmmaking. I have a long-standing interest in film and cinema. As I got older, I decided I wanted to pursue a career in this industry and so left my full-time job as an electrician.

## Work History

### **General Assistant - National Amusements (Showcase Cinemas) (July 2023 - December 2023)**

I worked at showcase for 6 months until the closure of my cinema (Bristol Cinema De Luxe) due to high property rent in Cabot Circus. Whilst working here I performed a mix set of roles such as selling/checking tickets, preparing food/snacks, handling customer complaints, cleaning the kitchen area, performing screen checks & cleans. I was working on most occasions in groups but all performing individual tasks.

### **Electrician - MD Group (September 2016 - September 2021)**

At MD I was an apprentice for three years until I passed my exam and then became a full-time electrician. Whilst working here my main priorities were travelling to different jobs around the area and completing the tasks I was assigned. The core skills I developed there were organisation and communication. As I was working on my own most of the time it was my responsibility to contact companies to collect deliveries and organise job sites for completion.
