Prior to 2004 I progressed from glass collector in 1994 to barman; up to Public House Landlord in 2002, holding the National Licensees' Certificate (BIIAB LEVEL 2, for a licensed premises) for a Free House. Presenting a friendly, safe and welcoming environment in which the customers and colleagues were valued, this was vital to success. Essential skills included staff management, for example rosters and recruitment, alongside stock ordering, rotation and replenishment. Cash handling, management and accounting skills were required along with the ability to resolve customer complaints as they arose; until the untimely passing of my business partner.

Achievements:

I have been a Martial Arts black belt registered instructor and national examiner for a number of years, I run a Judo and Jujitsu club teaching both young people and adults. I encourage my students to improve their self-confidence, self-control and self-respect, alongside self-defence skills to ensure their personal safety. From this I derive the satisfaction of seeing them develop, flourish and grow as individuals.
