Mobile: 07442 209576 Email: [jamesmackesy12@gmail.com](mailto:jamesmackesy12@gmail.com)

UK driving licence, with access to a car.

Based in Bristol, can stay in London.

I am in my final year of filmmaking at the University of West England (UWE) and am looking to develop a career in camera work. I am keen to gain more experience handling the kit, and build my confidence around those in the industry. Through my studies I have developed a thorough understanding of film production and gained particular camera-related skills and experience through both university and extra-curricular activities, including:

- Full understanding of professional film cameras, such as the Sony FX6 and ARRI Alexa Mini as well as rigging accessories including monitors and transmitters.
- Knowledge of set etiquette and safety procedures

I am a hard-working team player who is not afraid to get stuck in.

My photography and film portfolio is on Instagram: @jaw\_j4\_art, website at <https://jawj4.github.io/GeorgiaArt/>

## Film Experience

---

Production	Title	Position
