

CHLOE EXCERPT 1

-Atkins verbally attacks Chloe over her plan to infiltrate an enemy crime group during peace time to save a hostage-

ATKINS

You have proof of life, you have the location, so you can call the police and they can risk their arses.

CHLOE

It was nice to meet you, Atkins. One question, is this your first day on the job!? These people are expecting police, they know their tactics, they know their limitations. If these people so much as dream of police attention, they'll kill every hostage in sight and be gone before the police have their fucking hats on.

CHLOE EXCERPT 2

-After the controlled brawl at the gym, chloe has a moment of levity with freddie

A TIRED FREDDIE COMES TO CHAT WITH AN EXSAUSTED CHLOE.

CHLOE

Did you like my surprise? Apart from the bit where Chorley and I almost had you!

FREDDIE

(Laughs) Actually that was my favourite bit, all this time we've been friends, you pull Taekwondo out of nowhere.

CHLOE

(proud)It was a birthday present three years ago(beat), never stopped going.

FREDDIE
(sarcasm) Yeah, thanks for telling me.

CHLOE
(smug) Your face when I joined the
Hawx, priceless.

FREDDIE
(curious) You looking to join them or?

CHLOE
Oh, no this was just for fun. (beat) It
was also to help persuade you to take
the job and save my tenant's son. You
are going to do it right?

FREDDIE
You say it's a job like you're paying
us.

CHLOE
(probing) Hey! I thought you didn't
want to be paid for saving a young
life. I thought you saw this job as
charity work for your community or as
(beat) an investment in that
respectable reputation you want so
badly.

Freddie gives Chloe a stern look.

CHLOE (CONT'D)
(deadpan) Fine, how much?
