Description and Performance:

Peakworks Roofer's Kit Fall Protection System includes an adjustable full body harness, a rope grab with integral shock absorber, re-usable roof anchor bracket, and a waterproof bucket. The 3-Point adjustable full body harness features quick-connect pass through buckles and polyester webbing for lightweight comfort and dependability. The vertical lifeline is specifically designed from high strength polysteel rope. The manual rope grab includes an integral 3 ft. shock absorbing lanyard with a double locking snaphook. The re-usable roof anchor bracket includes an attachment D-ring.

Standards Compliance: All system components meet or exceed applicable ANSI Z359.1, ANSI A10.14 and OSHA standards.
