

You've Been Elfed!

Santa's little helper has come to town.
To leave these goodies you have found.
If you wish to spread this cheer
Please help this Elf because Christmas is near.

First post the Elf where all can see
And leave it there till Christmas eve,
This shows the Elves that pass by your way
You've been Elfed and it made your day!!!

Now make two treats,
two elves and two notes like this
And find two neighbors that
the Elves have missed
Just two days is all you've got
So hurry up and give it a shot.

By the light of the moon deliver the treats
Ring the doorbell and run, and be quick on your feet.
Hide behind a bush, a car or even a tree
The surprise and joy on their face you are sure to see.

Now you've been blessed with yuletide cheer.
You'll feel it throughout the New year.

Alas another Christmas Tradition is sure to have begun
Thanks for sharing in this Christmas Elf Fun.
And last but not least, enjoy the season
For all the right reasons...
Let's share in the spirit of friendship and love
That's what Christmas is really made of!!!

Merry Christmas!

You've been
Elfed!

You've been
Elfed!
