

In Loving Memory of a Special Little One

I have so much love for you,
my precious little one.
You have left behind such sorrow
now that you are sadly gone.

Now you sleep in heaven
and the angels watch you play.
My thoughts are always with you,
I miss you every day

Why were you taken so early?
It's so terribly unfair.
The love you left behind lives on
but the pain is still hard to bear.

My heart is truly broken,
your life was tragically cut so short.
But I will always be so grateful.
for the happiness you brought.
Love Mom

I sit here today wondering what my final words are to you my precious boy, my darling little boy who gave me the strength and courage to go on when times were tough. King you made my life so happy with our many times together, playing games, watching your shows, talking about the animals of the world and just the comfort of being together.

My precious darling you made the world a better place for the people you loved. I know we had a special bond since we met. We took care of each other when the times were tough, we were often alone but we created memories to last me a lifetime. Waking up to you each morning made me "so happy" knowing there was another day to spend with you. We were friends and play mates and you comforted me during the times of hardship and sorrow.

King you knew that grandma would always be there for you, but I am so sorry I was not there for you the day you left. I am so sorry! I do not know if that was how it was supposed to play out but that is my deepest regret. Words cannot describe the sadness and sorrow I feel but I know you are in a better place with "guy-guy" and Papa. You will be in their care now and I know they will treasure you and love you as I did.

OH... SNAP!

Always remember "GRANDMA LOVES YOU BECAUSE YOU'RE YOU AND WITH ALL MY HEART"!

THE
ADDAMS
FAMILY

It is with great sadness and heavy hearts that we announce the sudden passing of KINGSLEY KOBE KADE SHOUTING (WHITE QUILLS), our beloved "KING".

The King began his journey with the creator on April 14, 2021 and is survived by his loving mother Deidre, Grandmother Vivian and brother Lazarus Chief Calf. He is also survived by his aunts: DJ, Lorilee, and Delaine White Quills, Charlotte (aunt Ga Ga) Heavy Runner, Tana Knife, Jessica and Charmaine Shouting, and Sheila Holy Singer; Uncle Steven Frank; cousins Linnea, Rylan, Kieran, Raegan, Kaleb, Jordyn, Taylor, Kaydence, Delonte, Kyrie, and Maizie. Great Aunts: Peggy and Vera (Aunt Woo Woo) White Quills, Tammy (Ed) Knife, Denise (Tyrone) Potts, Pam Healy, Frances Little Light and Rosebella Yellow Wings; Great Uncles: Eugene 'Boyce' (Lucille) and Kirk (Lorna) White Quills, Jarret and Justin Shouting, Eugene (Lorna) and Andrew (Benita) Creighton, Kevin (Lori) and Kurt Healy, Myron (Tanya) Eagle Speaker. and his treasured pets, Buddy the blind dog, Mr. Cats, Enzo, Smokey, Sonny, and Pepper.

The King was born June 20, 2016 in Lethbridge, AB to Deidre and the late Godfrey Shawn Shouting. From the moment he came into this world he captured his gwama Vivian's heart and was the first to greet him, and then his Papa Dion. After he left the hospital, he came home to his Papa's house on the Blood Reserve where he resided until his passing. Papa Dion was so proud to have a grandson and claimed Kingsley as his "son". They were inseparable and established a daily routine; in the mornings washing up, eating breakfast, and heading outside to do chores and yard work. His Papa loved him so much and had great plans for him, but sadly he lost him on January 16, 2018.

Kingsley loved his parents so much. After the loss of his dad Godfrey, he showered his mom with so much hugs, kisses and love. Kingsley enjoyed making paintings for his mom which she would proudly display for him. He was always so excited to spend time with his cousins, Jordyn, Taylor and Kaydence, whom he had his own special names for. He also spent a lot of time with his aunts DJ, Lorilee and warming up to Delaine. Kingsley and DJ were constantly bumping heads because he had to always be right. They went on many adventures, including playing at the waterpark every summer. He would follow DJ around in his Lamborghini while she mowed the lawn. Kingsley and DJ had a special bond like no other, he knew to come to his auntie-mom if he needed help to fix his toys. DJ would show him how to fix them and he was such a very proud little boy, because he would teach himself how to do things on his own. His outdoor activities consisted of daily walks with Aunt Ga Ga, climbing the hills with his pets trailing behind.

Kingsley was a very energetic, inquisitive little boy, helpful and smart, and forever asking questions. He spent the majority of his time with his Gwama, so much, that he started sounding like her, even picking up Blackfoot words with his own translation. They played board games together; snakes and ladders, monopoly, sorry, scrabble and he just started learning to play Yahtzee. He would get upset if he won because he wanted Gwama to win. He loved bedtime spent with Gwama, her reading "Grandma Loves You Because You're You" to him.

Kingsley was so multi-talented and grown up, he would answer the phone or return calls and politely ask "Did you call?" When he missed Aunt Woo Woo he would call her to come home. King was so happy when his Gwama bought him a globe and he learned where the polar bears, penguins, gorilla and elephants lived. He was so helpful in many ways, such as, when garbage day came he would be ready with the garbage and helping his friend Ivan Day Chief with loading up the garbage truck.

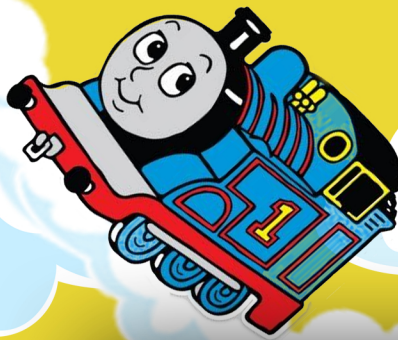

He enjoyed watching Halloween to the point he dressed up like Michael Myers this past Halloween, wearing the mask daily. He never tired of watching his favorite movies, The Addams Family, Thomas and Friends, Peppa Pig, Sponge Bob, Max n Ruby and Boss baby. A few of Kingsleys favorite songs were "Believer" by Imagine Dragons and the theme songs for Halloween and The Addams Family, listening to them over and over and over again.

Kingsley was a certified Conductor, receiving his certificate from Thomas and Friends University at Heritage Park, Calgary Alberta. He enjoyed collecting toys, he had over 50 Thomas and Friends trains, which were his pride and joy, 50 hot wheel cars that he neatly displayed, and his favorite dump truck and tools.

Our "King" will be greatly missed by his family.
