

As expressed by one of our many special nieces and nephews,

*Joan was a very special person whose light surely
brightened the lives of all who came in contact with her.
She had a unique way of making each person
she talked with feel valued.*

Joan & Keith started their married life together by going on their honeymoon to Africa. The newlyweds went on a safari to observe the African wildlife in their natural habitat and climbed the tourist route of Mt. Kilimanjaro in Tanzania - the tallest mountain in Africa.

*May our spirits meet again sometime on Mt. Kilimanjaro
as we continue our next life together.*

The words of Suzanne Atkinson, author, dedicated her last book in the memory of Joan. The book was published only recently.

*Dedicated to my fierce and fabulous friend, Joan,
who reminded me to 'live my life.'*

A Celebration of Joan's Life

It is with great sadness that I, Keith Langille, announce the passing of my wife, **Joan Langille (née Cannady)** on Wednesday, December 19, 2018 at the age of 68 years.

Joan is survived by her husband Keith of 37 years, her brothers Myron, Jim, Gordy and Bobby and her sisters Betty and June. She is also survived by numerous nieces, nephews and cousins. We miss her a lot.

Joan was born in Taber on December 10, 1950 to Myron & Ethel Cannady. While attending school in Taber, she developed a great interest in basketball which she carried into her years at the University of Lethbridge. Joan was named captain of the U of L Chinooks Women's Basketball Team that won the Women's Canadian Junior Basketball Championship in 1971 – the same year she graduated.

This team was a 2010 Inductee into the Lethbridge Sports Hall of Fame. The U of L also honoured this team in their Wall of Fame in 2011 at their annual sports banquet.

Joan worked for 32 years for the Alberta Government in various locations including Edmonton, Peace River and Red Deer. She retired in 2005 and had lived in Lethbridge since 2012.

Our family and friends have come together to honour the life of Joan. She and Keith had a great life of traveling, hiking, meeting people and doing what they most enjoyed – being together.

She was a great sister and she was always there to help anyone in need. She was always so busy and vibrant – who would have thought her time would come so soon and so fast. Joan fought a brave six-month battle with cancer.

She developed many lasting friendships with people during yoga and glass classes in Mexico, camping friends in Osoyoos and workmates over her career.
