Welcome to the Add Hardware Wizard

This wizard helps you install driver software to support older devices that do not support Plug-and-Play and which are not automatically recognised by Windows.

You should only use this wizard if you are an advanced user or you have been directed here by technical support.

If your hardware came with an installation CD, it is recommended that you click Cancel to close this wizard and use the manufacturer's CD to install this hardware.

To continue, click Next.

Add Hardware

The wizard can help you install other hardware

The wizard can search for other hardware and automatically install it for you. Or, if you know exactly which hardware model you want to install, you can select it from a list.

What do you want the wizard to do?

- ☐ Search for and install the hardware automatically (Recommended)
- ☒ Install the hardware that I manually select from a list (Advanced)
