## Assembly instructions for PALOMA

Please follow the instructions carefully · We recommend two people manoeuvre a sofa

### STEP 1

Carefully place the chair/sofa unit on its back. Unscrew the 'dummy glides' to reveal the show wood feet locating holes. The 'dummy glides' are no longer required so they can be disposed of.

### STEP 2

Position a foot in the locating hole and screw into position until **HAND TIGHT** ensuring the foot is positioned correctly (see diagram opposite)

**DO NOT OVER TIGHTEN LEGS**

### STEP 3

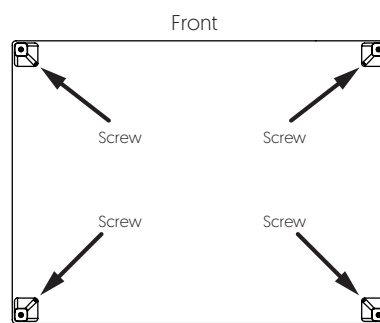

If required (see diagram opposite), secure in position with the screw supplied

**Repeat** the process for the remaining feet

### STEP 4

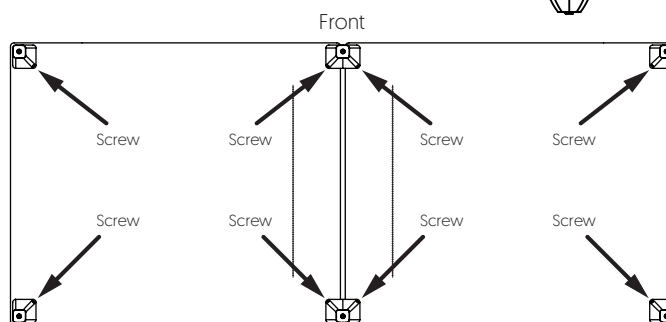

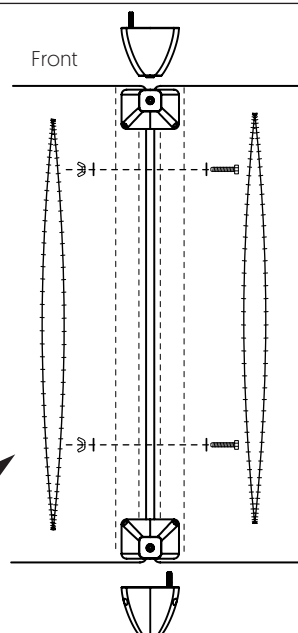

Carefully tilt the chair/sofa onto its feet. It's now ready for use

### LEG POSITIONS

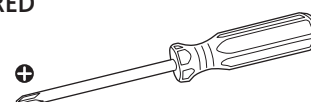

### SOFAS & CHAISE

**4 Seater split sofa only**  
Unzip the bottom lining to bolt the two halves together using the bolts, washers and wing nuts supplied. Tighten by hand.
