Venezia Handles by Venini in Murano glass bicolour and filigree

These handles have a metal base available in different finishing.

Masterfully modelled by the historic Venini glassworks in Murano, the bicolour and filigree Venezia handles represent a product born from the encounter between design and Italian artistic craftsmanship. The magic of transparency, the fluidity of colour and the noble art of Murano glass come together to create small masterpieces of beauty and elegance.

Any nuances or bubbles that may occur in the glass are typical imperfections present in glass craftsmanship. **These marks** are part of the beauty and authenticity of a high-quality product handmade in Italy and contribute to making each piece unique and inimitable.

VENEZIA handles by Venini can only be installed on the built in parts / item codes of Venezia by Venini contained in this section of the price list. If you wish to install the **Venezia** handles on Venezia by Venini built in parts, please purchase specific fixing kits (art. Z332 and art. Z333).

* For spare parts, accessories, miscellaneous items and extensions please refer to specific pricelist sections
