- With aid of a suitable tool, wall up and cement the threaded rods until they are completely fixed to the wall.
- Con la ayuda de una herramienta idónea, empotrar y aplicar cemento en los soportes roscados hasta lograr la fijación total en la pared.

- Position of the label:
- Localización de la etiqueta:

- Remove the yellow template and use it to cut the coating.
- Quitar la plantilla amarilla y usarla para el corte del revestimiento.

- If the resin or stucco should run out, follow the directions indicated in Figure 7A.
- En caso de acabados con resina o estuco seguir las indicaciones descritas en la figura 7A

- It is also possible to install the pillar onto plasterboard. Proceed with the assembly as shown in figure.
- Se puede instalar la columna también sobre placa de yeso. Seguir con la fijación como se indica en la figura.

- It is also possible to install the pillar onto plasterboard. Proceed with the assembly as shown in figure.
- Se puede instalar la columna también sobre placa de yeso. Seguir con la fijación como se indica en la figura.

- MAKE SURE THE FINISH IS COMPLETELY DRY BEFORE REMOVING THE PROTECTION
- ESPERAR HASTA QUE EL REVESTIMIENTO SE SEQUE COMPLETAMENTE ANTES DE QUITAR LA PROTECCIÓN

- To install art. 7200H0001U, go to the next page. To install art. 7200H021U, go to page 26.
- Para el montaje del artículo 7200H0001U consultar la página siguiente, para el montaje del artículo 7200H021U ver pág. 26

ART. 72000H001U

External pieces / Parte externa

- Insert the water tube into its own fitting (A), then slide the two holes of the shower head into the two studs placed on the frame (B). Then tighten completely the nuts.
- Introducir el tubo de agua en su racor (A), luego deslizar las dos ranuras del rociador dentro de los dos pernos roscados ubicados en el marco (B). A continuación ajustar completamente las tuercas.

- Place some silicon uniformly around the edge of the built-in body until the outer wall. Other types of insulation may be used as needed.
- Aplicar silicona uniformemente en todo el perímetro del cuerpo a empotrar hasta el revestimiento externo de la pared. También se pueden utilizar otros tipos de aislantes de acuerdo con las necesidades.

- Loosen the 4 screws (A) and move the holder by adjusting it to about 3 mm from the wire coating (B).
Tighten the screws.
- Aflojar los 4 tornillos (A) y desplazar el soporte regulándolo a 3 mm aprox. del borde del revestimiento (B).
Ajustar los tornillos

ART. 72000H021U

External pieces / Parte externa

- Insert the water tube into its own fitting (A), then slide the two holes of the shower head into the two studs placed on the frame (B). **DO NOT** tighten the nuts.
- Introducir el tubo de agua en su racor (A), luego deslizar las dos ranuras del rociador dentro de los dos pernos roscados ubicados en el marco (B). **NO** ajustar las tuercas.

- Place some silicon uniformly around the edge of the built-in body until the outer wall. Other types of insulation may be used as needed.
- Aplicar silicona uniformemente en todo el perímetro del cuerpo a empotrar hasta el revestimiento externo de la pared. También se pueden utilizar otros tipos de aislantes de acuerdo con las necesidades.

- Insert the water tube into its own fitting (C), then slide the two slots of the waterfall on the previously used studs (D).
- Introducir el tubo de agua en su racor (C), luego deslizar las dos ranuras de la cascada en los pernos roscados usados previamente (D).

- Tighten the 4 nuts fixing the shower head and waterfall
- Ajustar las 4 tuercas fijando el rociador y la cascada

- Loosen the 4 screws (A) and move the holder by adjusting it to about 3 mm from the wire coating (B).
Tighten the screws.
- Aflojar los 4 tornillos (A) y desplazar el soporte regulándolo a 3 mm aprox. del borde del revestimiento (B).
Ajustar los tornillos

Adjustments / Ajustes

Cartridge replacement / Sustitucion del cartucho

1.

2.

3.

4.

Reassemble in reverse order (4-3-2-1), making sure to adjust the cartridge to 38°C (pag. 22/36)

Volver a montar siguiendo el procedimiento invertido (4-3-2-1) prestando atención al regular a 38°C el cartucho (pág. 22/36)

If the cartridge shall not be replaced, wash it with water and leave it dipped in vinegar or decalcifying solution over one night.

Si el cartucho no debe ser sustituido, lavarlo con agua y dejarlo sumergido en vinagre o solución de descalcificación una noche.

Diverter Replacement / Sustitucion del distribuidor

1.2.3.4.

Replace following the instructions in reverse order (4-3-2-1).
Colocar según el procedimiento inverso (4-3-2-1).

Cleaning backflow prevention valve / Limpieza válvula anti-retorno

Art. 72000H001U

Remove following the procedure p. 24-23-22-21-20-19-18.

Retire de seguir el procedimiento p. 24-23-22-21-20-19-18.

Art. 72000H021U

Remove following the procedure p. 38-37-36-35-34-33.

Retire de seguir el procedimiento p. 38-37-36-35-34-33.

1.

2.

3.

Art. 72000H001U

Replace following the instructions in order p. 18-19-20-21-22-23-24.

Colocar según el procedimiento p. 18-19-20-21-22-23-24.

Art. 72000H021U

Remove following the procedure p. 33-34-35-36-37-38.

Retire de seguir el procedimiento p. 33-34-35-36-37-38.

Technical data

Minimum pressure.....	30 PSI
Maximum pressure test.....	145 PSI
Recommened working pressure.....	30-70 PSI
Maximum water temperature.....	176°F
Maximum water temperature recommened.....	Min. 130°F Max 150°F
Maximum in-let pressure difference (hot - cold).....	22 PSI

If the pressure is higher than 70 PSI, install the pressure reducer.

ENGLAND.**Datos Técnicos**

Pression mínima.....	30 PSI
Pression máxima prueba.....	145 PSI
Pression de trabajo aconsejada.....	30-70 PSI
Temperatura máxima.....	176°F
Temperatura máxima aconsejada.....	Min. 130°F Max 150°F
Diferencial maxima de presiùn de entrada (caliente - fria).....	22 PSI

En caso de que la presión sea superior a los 70 PSI, instalar el reductor de presión.

SPAIN.

Advice on product care

To clean the surface use a soap and water solution.

Never use for any reason cleaning solutions containing abrasive substances, chloric acids, ammonia, vinegar, bleach, domestic acids, disinfectants, or any type of abrasive pad.

WARNING! Incorrect cleaning may permanently ruin the surface of the products and in such case the manufacturer may not be held liable for damage.

The Manufacturer reserves the right to modify product and accessories at any time without prior notice. Data, products and sketches included in this document are just for information and do not bind the producer.

ENGLAND.

Consejos para el cuidado del producto

La limpieza de las superficies se hace utilizando un jabón líquido diluido en agua.

No usar en ningún caso detergentes líquidos que contengan sustancias abrasivas o a base de ácido clorhídrico, estropajos abrasivos, amoníaco, acetona, lejía, ácidos de uso doméstico, desinfectantes varios.

ATENCIÓN! El uso de productos desaconsejados puede dañar irremediablemente las superficies de los elementos, de lo cual el fabricante no se hará responsable en ningún caso.

La sociedad se reserva el derecho de modificar sus productos y accesorios en cualquier momento y sin previo aviso.

SPAIN.

Notes / Notas

This image shows a single page of white paper with horizontal ruling lines. The lines are evenly spaced and extend across the width of the page. There are no margins, text, or other markings on the paper.
