#### **Welcome to AEF**

On behalf of the team at AEF, I specially welcome you to the Africa Educational Management and Leadership Forum -July 2020. We are so excited at the many possibilities this forum could birth in our educational system In Africa.

We are deeply grateful to all our Guest Speakers and Panelists who, out of their very tight schedules still decided to accommodate this forum in their itineraries. These people are exceptional leaders in various fields who have done incredible things in their respective spaces.

We have decided to spread the sessions to allow for more time of learning. We have equally painstakingly picked the sessions and panelists' topics from a broad range of issues that educators would love to talk and learn about.

The time is now to Invent the Tomorrow of Education through efficient Management Skills and Processes engineered by Collaboration and Globally Focused and Relevant Policies.

If you require any help or clarifications about this forum, please feel free to reach us through any of our contacts listed on this brochure.

We hope that you'll have a great time of learning at the Forum. Welcome!

Learning Models
for Actualisation
of Learning
Goals

Format
A one person training + Q & A session
Time - 4 : 00PM
Date - July 20, 2020
Medium - Digital Platforms

#### Overview:

Learning models are as important as the learning contents. Most teachers and schools on a larger level fail to achieve learning goals because they do not implement the most relevant and useful learning models that suit a particular learning situation.

This can be partly attributed to ignorance on the part of the teachers and, or schools. Most schools who can boast of some learning models may just be boasting with models that are already outdated. This session focuses chiefly on globally acclaimed learning models that would help in the actualisation of a desired learning outcome.

- What Learning Models are & Creating a Globally Acclaimed Learning Models for your school
- How to align curriculum with Learning Models
- Edu Tech and Learning Models
- Case studies of Schools around the globe with renowned learning models
