TINT WORLD® FRANCHISE PROGRAMS

The Tint World® Franchise System provides entrepreneurial scalability. We offer several franchise options that vary in size and commitment so you can find the opportunity that best matches your lifestyle.

Single Store Franchise Program:

The Single Store Franchise Program is very popular because it offers you a turn-key startup of a new Tint World® franchise location. This allows you to be in business for yourself, but not by yourself – as you are always supported by all the benefits of the Tint World® nationally-marketed brand.

Multi-Store Franchise Program:

The Multi-Store Franchise Area Developer Program is for enterprise level business developers. Tint World® allows you to create your very own "mini market" of franchise locations. We'll be there every step of the way as you develop each and every franchise location and grow from an individual store franchise owner to a multi-store operator. Tint World® offers a lower franchise license fee for qualified multi-store franchises.

International Master Franchise License:

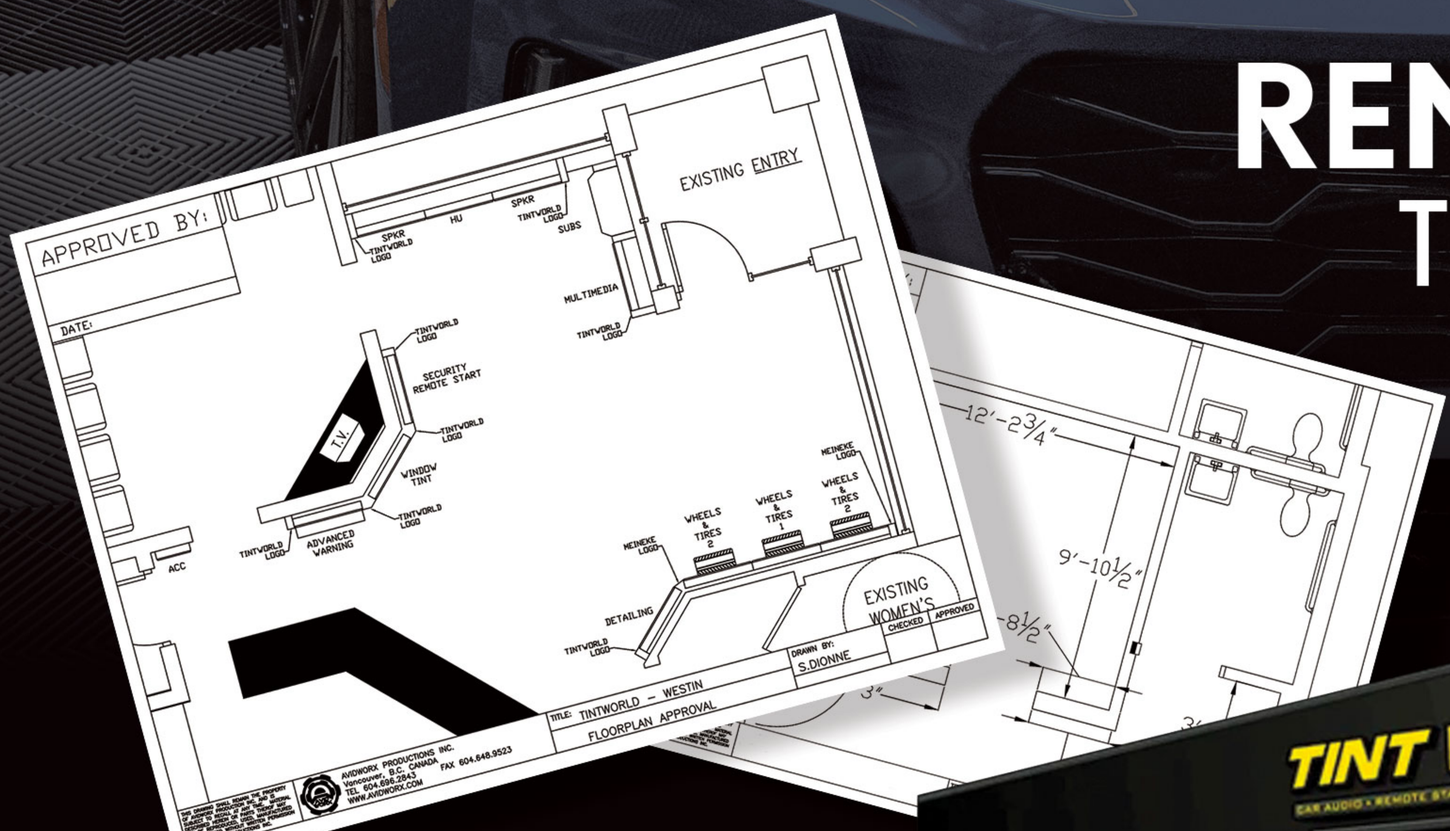

The International Master Franchise Program is the closest anyone can come to replicating our corporation, only abroad. Tint World® is seeking strategic-partners who would like to bring our Tint World® business model to their country. Tint World® is presently operating in the United States, Canada, United Arab Emirates, and Saudi Arabia. International Master Franchise Opportunities are available for all other countries.

International Master Franchise partners oversee the growth of Tint World® inside their country. As a Master Franchise, you receive franchise fees and royalities from each franchise you award in your country.
