

Sport & Agility Dog Food - Chicken

Racinel is a Danish produced feed for dogs and cats, in which the largest part of the raw material is sourced from the Nordic countries (Scandinavia). The products contain a high quality of raw materials, which ensures, that the dogs and cats absorb most of the nutrients. Racinel complies with the recommendations from FEDIAF, which is the European standard for the nutrition for dogs and cats.

FEEDING INSTRUCTIONS

Ready to serve. Dogs must always have access to fresh drinking water.
When you start your dog on a new feed, it is important to change over slowly, to decrease the risk of diarrhea.

Feed change over 1 week:
Day 1 & 2: 25% of the new feed and 75% of the old feed
Day 3 & 4: 50% of the new feed and 50% of the old feed
Day 5 & 6: 75% of the new feed and 25% of the old feed
Day 7: 100% of the new feed

It is recommended to feed in 1-2 daily measured meals.
The feeding guide is an indication only, as the nutritional requirement of individual dogs varies according to breed, sex, activity level etc.

* For more detailed feeding guide, please see www.racinel.com
