

Electrical scissor lift table TABLE-LOW

Why TABLE-LOW?

The Pallit TABLE-LOW scissor lift table with ramp is used stationary for stepless, electric lifting and lowering of pallets and pallet cages. Ideal for use in production lines or for loading assembly lines.

- **Two options** to choose from: 1000 kg or 2000 kg load capacity
- **Large platform** for non-palletized goods, pallets, or mesh pallets
- Goods can be brought directly onto the platform thanks to the **drive-on ramp**.
- Lift 1000 kg to 1010 mm in just **a few seconds**
- Includes **emergency stop switch** and **key lock** on the control panel
- Voltage/motor power: **380 V / 0.75 kW**
- Steel construction, pressure relief valve and powder coating ensure **long service life** of the unit
- Strong and powerful - even in the long run: That's why we offer our **Plus warranty for 5 years**

Technical data

Electrical scissor lift table TABLE-LOW

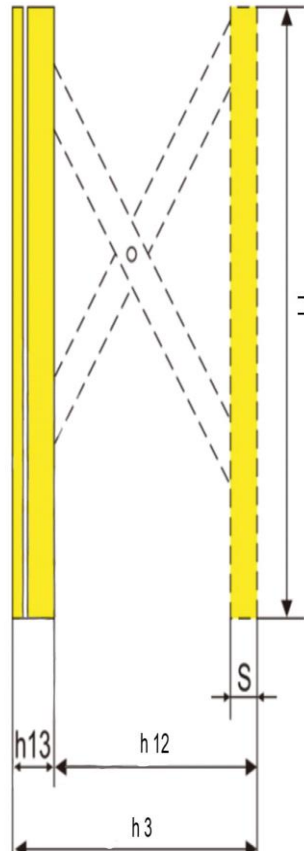

OPTIONS Choose between

① | ②
