

Electrical scissor lift table TABLE

Why TABLE?

The Pallit TABLE electric lift table is firmly anchored to or embedded in the floor at the point of use, allowing loads to be moved safely and ergonomically to a lifting height of 1010 mm. Ideal for use in production lines, workshops, warehouses or freight forwarding companies.

- **Two options** to choose from: 1000 kg or 2000 kg load capacity
- **1300 x 800 mm platform** for non-palletized goods
- Lift 1000 kg to 1010 mm in just **a few seconds**
- Includes **emergency stop switch** and **key lock** on the control panel

- Voltage/motor power: **380 V / 0.75 kW**
- Steel construction, pressure relief valve and powder coating ensure **long service life** of the unit
- Enables **energy-saving and ergonomic work** in the company
- Strong and powerful - even in the long run: That's why we offer our **Plus warranty for 5 years**
