

Pallet truck SIX 3500kg

Why SIX 3500kg?

The professional pallet truck with 3500 kg load capacity is especially suitable for particularly heavily loaded pallets and is designed for continuous professional use. The heavy-duty pallet truck is a valuable support for daily work, especially in the steel and metal industry.

- Suitable for **continuous daily use** to transport palletized goods up to 3500 kg
- **Reinforced tiller and sturdy steel frame** enable lifting of heavy pallets up to 3500 kg.
- **Tires:** Tandem and track rollers made of durable polyurethane (PU).
- Extremely steerable tiller and a **small turning radius of 1266 mm** ensure

easy handling of the lift truck and are suitable for a tight working environment.

- The **maximum lift height of 200 mm** for transport close to the ground is achieved with just a few pump strokes of the tiller arm
- **Areas of application:** The SIX 3500kg is particularly suitable for moving heavy goods, machines, components, etc. stored on pallets.
