

Safety instructions

1. Familiarize yourself with the instructions in the operating manual before using the hand truck.
2. Check the hand truck before each use to ensure that all connections are tight and that there is no damage
3. Do not use the hand truck if it is damaged.
4. Only use the hand truck on a level and non-slip surface.
5. Do not overload the hand truck. The maximum load capacity can be found on the rating plate or in the operating instructions.
6. Be particularly careful when using the hand truck near roads, water or slopes.
7. No people or animals may be transported with the hand truck.
8. The load's center of gravity must be as close as possible to the middle of the hand truck
9. Load the hand truck evenly
10. Secure the load against falling if necessary
11. Keep the hand truck away from children - the hand truck is not a toy.
12. Pay attention to your surroundings when using the hand truck.
13. When working on slopes, the user must be above the hand truck.
14. The hand truck must not be structurally modified.
15. Only use spare parts approved by the manufacturer.
16. Store the hand truck in a dry and clean place.
