

Electric chain hoist E-HOIST5

Why the E-HOIST5?

The 230V electric chain hoist with steel chain is ideal for lifting loads and is designed for use in industry and commerce as well as for private use. Perfect for work in warehouses, garages, workshops and many other areas of application.

- Robust steel load chain with **4 or 6 mm chain thickness**
- Suspension device by means of hooks: Suitable for **mobile use on** construction sites, warehouses and workshops and for attachment to a trolley or similar crane.
- Sturdy steel housing protects **external influences** from splash water or dust according to protection class IP54
- **360° rotatable** fastening and load hooks make it easy to position loads

- Due to its **compact design**, this chain hoist is quick and easy to assemble and easy and reliable to handle
- **Thermal overload protection** prevents damage to the motor
- The chain hoist can be brought to a stop at any time by means of the **emergency stop switch** on the remote control.

Technical data

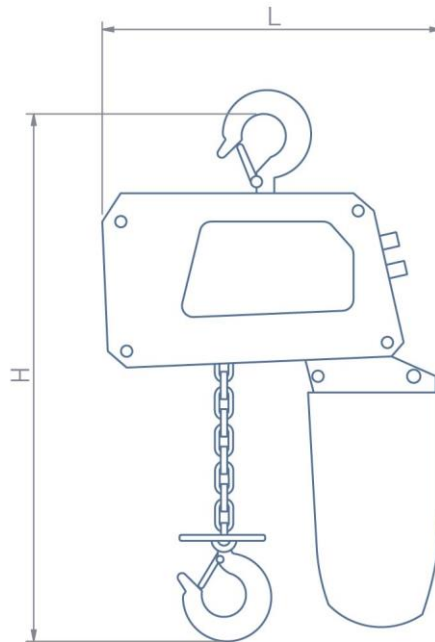

E-HOIST5

DIMENSIONS

Cable length remote control	5 m
Lifting height single hook	3 m
Lifting height	3000 mm
Chain strands	1
Cable length power cable	0,55 m
Smallest distance (attachment to end of hook)	400 mm
Dimensions	314x300x244 mm (LxWxH) 475x365x320 mm (LxWxH)

GENERAL

Material thickness chain	4, 6 mm
Chain length	3 m
Material	Steel
Design	Electric winch
Weight	7.9, 18 kg
Load capacity	150, 500 kg

TECHNICAL DATA

Protection class	IP 54
Thermal overload protection	yes
Noise development	78 db
Lifting speed single hook	3 m/min
Voltage unit	230 V
Engine power	205, 540 W
Insulation class	B
Engine group	M3
Duty cycle	S3-25%-10
Rated current	1,0, 2,6 A
Tensile strength rope	900 N/mm ²

We are continuously improving our products. Therefore, technical data may change without prior notice. Product images and sketches may differ depending on the version and year of manufacture.

Why Pallit?

- Free delivery in 1-3 working days
- 100 days return policy
- Five-year basic warranty on all pallet trucks
- First aid for technical questions for life
- On-site repair service available
