

## Manual pallet truck SIX

### Why the SIX?

The SIX hand pallet truck is our pallet truck in the professional segment for picking up and transporting pallets. Euro pallets, one-way pallets and pallet cages can be easily moved with its forks. The models are adapted to a wide range of requirements so that a suitable industrial truck can be found for many different applications.

- Reliably loadable with **up to 2500 kg**
- It should be noted that the load must **always be evenly** distributed on the forks
- **Tyres:** different types of tyres for different purposes
- **Small turning radius** makes it ideal for use in narrow aisles and confined sales areas
- **Ergonomic, rubberised handle** for optimum working conditions even in cold temperatures

- **Robust, fully hydraulic lifting and lowering device:** For smooth lifting and lowering of pallets
- **Fork length of 1150 mm** designed for the transport of any type of pallet

## Technical data
