

## Double scissors Lift table trolley XX

### Why the XX?

The manual lift table trolley with double scissors is a helpful aid when loading, filling or unloading, and also enables ergonomic workplace organisation. It is primarily used in mobile applications in warehouses, trade, production and order picking.

- The **large platform** ensures a practical storage area
- **Lifting height from 1100 to 1500 mm** depending on variant due to double scissor bracing
- Maximum load capacity of up to **150, 350 or 800kg depending on the variant**
- Easy **lifting via foot pedal**
- Stepless lowering **by hand lever**
- Safe parking of the lift table trolley **thanks to the parking brake**

- Enables comfortable, **ergonomic working** thanks to the flexibly adjustable table height

## Technical data

### Double scissor lift table trolley XX
