

Electric pallet truck with platform RIDE

Why the RIDE?

This electric pallet truck with standing platform is ideal for effortless and efficient maneuvering and moving of Euro pallets in warehouse logistics and industry. The standing platform allows the operator to ride on the truck while handling pallets, even over long distances.

- For transporting pallets up to 2000 kg in **long-distance** and **intensive applications**
- **Folding driver's platform with side guard rails** guarantees the safety of the operator while driving
- Functions such as driving and raising and lowering the forks are performed conveniently via the **multifunctional tiller head**

- **Powerful lead-acid battery** with a capacity of 210 Ah is easily charged via the integrated charger at **a 230 V socket**
- Due to a maximum driving speed of 7.1 km/h (unloaded) and the standing platform, **a forklift license is required** for use
- Tires are made of durable **polyurethane (PU)** and provide the necessary stability
